

Forza NEC Program Updates with Lieutenant General Giorgio Battisti in Rome

Agenda released for Network Enabled Capability Technology 2017 featuring high level support from Italian Army

LONDON, ENGLAND, UNITED KINGDOM, September 29, 2016 /EINPresswire.com/ -- Over the last few years several nations have been highly involved in researching, developing and implementing network enabled capabilities across their armed forces. Against this backdrop, SMi Group has launched its inaugural conference on [Network Enabled Capability Technology](#), which takes place on the 1st and 2nd of February 2017, in Rome, Italy. The agenda, as well as registration, is now live on www.networkenabledcapability.com.

[As the only meeting of its kind in the Europe](#), the conference will draw on the experience and ongoing work of senior military experts leading and developing their NEC capabilities.

With a dedicated focus on the Forza NEC programme, the two-day event will enable participants to help shape, develop and deliver digitization of information, equipment and maximize operational and common logistics platforms throughout the land domain.

Esteemed Lieutenant General Giorgio Battisti, Commander of the Italian Army Training and Doctrine Command, will be chairing the two-day event. Joining Lt Gen Battisti on the speaker panel are other senior Italian Army officers including:

- General (Ret'd) Vincenzo Camporini, Vice President, Former Italian Chief of Defence General Staff, Istituto Affari Internazionali
- Lieutenant General Paolo Ruggiero, Deputy Commander of the NATO Land Command, Italian Army
- Major General Antonio Bettelli, Commander Italian Army Aviation, Italian Army
- Dr Alessandro Ungaro, Research Fellow, Istituto Affari Internazionali

The conference will also feature regional high-level military officers who will deliberate how various network enabled capability programmes can impact operational effectiveness and help optimise the future of tactical warfare. In addition, programme managers will also discuss requirements and updates for key programmes.

- Brigadier General Christos, Athanasiadis, Assistant Chief of Staff for the JCyber Division, SHAPE NATO
- Colonel Richard Wilgos, Director J6 - C4/Cyber, US EUCOM
- Colonel Carl J Worthington, Commander 2nd Signal Brigade, US Army Europe
- Dr John L Mahaffey, PhD, Senior Scientist, NATO Communications and Information Agency
- Major Wouter Alexander Samson, Manouvre Centre of Knowledge, Department of Defence, Royal Dutch Army
- Major Ola Petter Odden, Norwegian Army Comat Lab, Norwegian Army Land Warfare Centre, Norwegian Armed Forces

A detailed agenda including a full list of speakers and their respective topics can be viewed on [the event website](#).

There is currently a £400 Early Registration Discount for bookings made by 31st October 2016.
