

'Everything Starts with A Dream': Acclaimed Artist Richard Texier Opens Up to Zefyr Life.

Zefyr Life in conversation with acclaimed French Artist Richard Texier about his childhood, his creative process and his personal vision of the world.

LONDON, UNITED KINGDOM, September 29, 2016 /EINPresswire.com/ -- Acclaimed French Artist Richard Texier has granted [Zefyr Life](#) an exclusive interview in which he discusses his childhood, his creative process, what he learned from his travels to China and Russia, and his personal vision of the world'.

'We love Richard Texier first because as we say his personality is 'larger than life', said Florian David, Editor-In-Chief and Co-Founder of Zefyr Life. 'A demiurge who absorbs, dissects, analyzes the forces at play in our cosmos and transmutes his dreams into atoms. Dreams of other worlds, worlds where there would be love for our world. Nothing less than extra-ordinary and so much needed! I also recommend his beautiful book 'Nager' ('To Swim') a ballade through Richard's life, a way for those interested in psychology, to understand the birth of an artist's vocation. Very moving'.

Lina Daugirdaite, Co-Founder of Zefyr Life and Creative Director, added: 'In one of Murakami's novels there is a sentence I love which reads: 'Beyond the edge of the world there's a space where emptiness and substance nearly overlap, where past and future form a continuous, endless loop. And, hovering about, there are signs no one has ever read, chords no one has ever heard': these 'signs' could be Richard's creations, because really they are born from a very personal and rich interior universe, a truly unique form of expression.'
