Precision medicine Market Industry : Insights, Development, Research and Opportunities Forecast to 2027

Global Precision medicine Market Information by Ecosystem (diagnostic companies, clinical laboratories), by Sub Markets, by Therapeutics - Forecast to 2027

PUNE, MAHARASHTRA, INDIA, September 30, 2016 /EINPresswire.com/ -- Segments

> The Major Key Players are GE Healthcare (U.K), IBM (U.S), Intel (U.S), Novartis (Switzerland), Pfizer Inc. (U.S), Roche (Switzerland), Abbott (U.S), GSK (U.K), J&J, Teva pharmaceuticals."
>
> *Market Research Future*

The market for Precision medicine is segmented in mainly three parts i.e. by ecosystem, by sub markets, and by therapeutics and its various sub-segments;
by ecosystem include Pharmaceuticals and biotechnology companies, diagnostic companies, healthcare IT specialist/ big data companies, clinical laboratories.
Whereas by sub markets include Companion diagnostic, biomarker based test, targeted therapeutics, pharmacogenomics, molecular diagnostics.
The segments by therapeutics include Cancer/oncology, cardiovascular disease (CVD), central nervous system, infectious diseases.

Market Synopsis of Precision medicine
Market Scenario
In this modern world with progress of modern technology patients are showing more interest in their personal health care and fitness. The precision medicine services deal with infectious diseases, cancer and CVD and simplify their treatment along with precise diagnosis tests and prevention methods. The software and hardware are the influencing the market of precision medicine. Life style of people has changed in the recent years. Change in eating habits, the ambience of the workplace, adoption of indoor games and increasing westernization of lifestyle are the main reason for the emergence of diseases such as diabetes , obesity, hypertension, blood pressure and many more chronic diseases. Precision medicine has played a big beneficial tool as a solution for these problems. Globally the market for Precision medicine is expected to grow at the rate of about XX% CAGR from 2016 to 2027.

Key Players
- GE Healthcare (U.K),
- IBM (U.S), Intel (U.S),
- Novartis (Switzerland),
- Pfizer Inc. (U.S),
- Roche (Switzerland),
- Abbott (U.S),
- GSK (U.K),
- J&J (U.S),
- Teva pharmaceuticals (Israel).

Study Objectives of Precision medicine
- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the global Precision medicine market
- To provide insights about factors affecting the market growth
- To Analyze the Precision medicine market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by ecosystem, by sub markets, and by therapeutics and its sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

Regional Analysis of Precision medicine
North America dominated the Global Precision medicine market with the largest market share, accounting for $XX million and is expected to grow over $XX billion by 2027. The European market for Precision medicine is expected to grow at XX% GAGR (2016-2027). Asia-Pacific is expected to grow at CAGR of XX% from $ XX million in 2016 to $XX million by 2027.

https://www.marketresearchfuture.com/request-toc/global-precision-medicine-market-research-report-forecast-to-2027

Market Research Future (MRFR) recognizes the following companies as the key players
North America
- US
- Canada
- Mexico

Europe
- •Germany
- •France
- •Italy
- •Spain
- •U.K
- •Rest of Europe

Asia– Pacific
- •China
- •India
- •Japan
- •Australia
- •Rest of Asia-Pacific

RoW:
- •Latin America
- •Middle East
- •Africa

Reasons to Purchase this report:
From an insight perspective, this research report has focused on various levels of analyses—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, emerging and high-growth segments of the Global Precision medicine Market, high-growth regions, and market drivers, restraints, and opportunities.

Key questions answered in this report
What will the market size be in 2027 and what will the growth rate be?
What are the key market trends?
What is driving this market?
What are the challenges to market growth?
Who are the key vendors in this market space?
What are the market opportunities and threats faced by the key vendors?
What are the strengths and weaknesses of the key vendors?

About Market Research Future:
At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.
MRFR team have supreme objective to provide the optimum quality market research and

intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
