

# From South Central LA to World Famous Inventor: Professor Glymph brings solutions with his MathMaze intervention system

LOS ANGELES, CALIFORNIA, USA, September 22, 2016 /EINPresswire.com/ -- MathMaze USA today announced that its founder, inventor R.C. Glymph is on National speaking tour, MATH: TOOLS REQUIRED. After serving as CEO of MM and Director of Academic Preparation Squad, Ron Glymph recently attended the largest special-needs-professionals convention in California to introduce the revolutionary math tool, MathMaze.

Professor Glymph is in high demand for speaking engagements and is currently appearing; granting interviews and demonstrations, on this magnificent math intervention tool enjoyed by groups and families around the Country. "This three dimensional, cooperative engagement design is deemed the master key for raising math proficiency in the United States", says 101 Conversations entrepreneurial board game developer and educator Soraya Deen.

Empowering Every Struggling Child Excel in Mathematics

Although created with specific purpose -- as intervention to address the lacking aptitude in math students K through 12 -- it is now evident that this tool benefits individuals through adulthood. Tested from school curriculums to Senior Centers, the interactive card game has proven highly effective in acceleration and enrichment for participants of all ages.

Longitudinal studies have consistently revealed what is now considered a no-brainer - - scholastic low math scores lead to learning challenges, later affecting fulfilment in family life, employment possibilities and general life satisfaction. MathMaze brings a fresh awareness wherein the student becomes the teacher, there is discovery leading to laughter

and sheer fun; truly a self-realization experience.

American-born Professor Glymph, brings an out-of-the-box approach to learning, demonstrates a

skill-building game played in a cooperative environment where there are no losers and physical interaction is an intellectually wholesome experience. "This game should be used as a staple in every household, classroom, institution, promoted on TV game shows and incorporated in events". says Deen.

Catch one of the upcoming MathMaze family Tournaments or order a case of games and receive free demonstrations at your location!

About:

MathMaze schedules Tournaments year-round. Participate or install a Tournament in your facility by contacting MathMaze's Los Angeles office. Professor Glymph is available for appearances to demonstrate advantages of this magnificent math tool. \*\*For interviews or appearances:
