Key players in the Market are BAE Systems, General Dynamics, Lockheed Martin, Northrop Grumman, Raytheon, FishEye, Mercury Systems, SAAB, Thales, and Ultra Electronics."

Market Research Future

Study Objectives of Global Electronic Warfare Market

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the Global Electronic Warfare Market
- To provide insights about factors affecting the market growth
- To analyse the Global Electronic Warfare Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective
- To provide country-level analysis of the market for segment by category and platform
- To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market
- To track and analyse competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Electronic Warfare Market

Access the market data and information presented through data tables and figures spread 103 pages of the project report. Avail in-depth table of content (TOC) & market synopsis on "[Global](#)

[Electronic Warfare Market Research Report – Forecast 2016-2021](#)

As per the MRFR analysis, defense budget cut, challenges in adoption of new technology, and Issues with emitter classification are the factors restraining the market growth.

OpenRFM architectures and next generation electronic warfare are the ongoing trends which will have positive impact on the market during the forecast period.

Target Audience

- Electronic warfare OEMs
- Component Suppliers
- Aftermarket suppliers
- Research Institute / Education Institute
- Potential Investors
- Key executive (CEO and COO) and strategy growth manager

Key Players

Some of the key players in the Global Electronic Warfare Market are

- BAE Systems
- General Dynamics
- Lockheed Martin
- Northrop Grumman, Raytheon
- FishEye
- Mercury Systems
- SAAB
- Thales
- Ultra Electronics

Regional and Country Analysis of Global Electronic Warfare Market

As per the MRFR analysis, the Americas region will continue its dominance in the forecast period to reach \$XX billion. Whereas, APAC will have significant growth and is expected to grow at a CAGR of around 7% during the forecast period

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
