

Feel 100% with these 3 Makeover tips

These days, going to hairdresser or beauty salon is a luxury, particularly if you're a mum, if you're working, or if you're a working mum (or dad!).

LA, CA - CALIFORNIA, USA, October 4, 2016 /EINPresswire.com/ -- It's not easy to find the time, or the finances, to look after yourself properly and this can leave you feeling (and looking) a little deflated.

At Aotearoa Beauty we came up with some of our top tips to help you give yourself a makeover for a fraction of the price, in your own time, and at your own leisure. Follow these and you'll be feeling 100% better in no time.

Makeover Tip #1: Hair

They say a change is as good as a holiday and there is no doubt that changing the style of your hair can make a huge difference in the way you look. If you don't have time to get to a salon, there are an abundance of hair colours available on the market: from temporary to permanent colours, highlights to ombre.

Hair removal is another way to make yourself feel better. Pluck your eyebrows, clip any stray hairs, and use your [nose hair trimmer](#).

Makeover Tip #2: Skin

If you have noticed your skin just isn't looking as fresh as it used to, it could be that you have blackheads. Blackheads are created from clogged pores thanks to a buildup of sebum (oil) and dead skin cells. Sounds gross, right? You might be tempted to scrub your face, but unfortunately this just makes them worse! This is why investing in a [blackhead removal kit](#) can refresh your skin so that you not only look better, but your skin is softer and clearer.

Makeover Tip #3: Overall

Whether it's the middle of winter or the start of summer, one way to make yourself look and feel better is to give your skin some tone. Self-tanning products can make you look slimmer, and help to hide cellulite and other imperfections. Just make sure you exfoliate first and pay special attention to the knees, elbows, feet and hands.
