

# Cascade Completes Alliance Maintenance & Services Acquisition to Grow Remediation Capabilities in Gulf Region

WOODINVILLE, WASHINGTON, UNITED STATES, October 6, 2016 /EINPresswire.com/ -- [Cascade](#) Environmental Holdings, LLC (Cascade), the leading provider of environmental drilling, high resolution site characterization, and in situ remediation

applications is pleased to announce the acquisition of Houston-based [Alliance](#) Maintenance & Services (Alliance). With this acquisition, Cascade continues to provide the most advanced sustainable remediation solutions to meet the demands of the most complex in situ remediation projects for our clients.

Alliance is a strong and reputable family-owned business in south Texas and we're excited to bring them into the Cascade organization.

*Scott Wisher, Midwest Regional Manager*

Alliance is a long-standing small business serving the consulting and oil & gas communities throughout the Gulf Region. Their fleet of injection trailers, direct push rigs and mobile dual phase extraction (MDPE) units provide full service environmental remediation of subsurface contamination. Alliance's MDPE service line enables Cascade to expand its capabilities into the mechanical remediation space as alternative methodologies for NAPL recovery.

Cascade Technical Services (CTS) will take on Alliances' ongoing projects along with their entire technical team of ten

employees including licensed Drillers, Field Technicians and Senior Project Managers.

"Alliance is a strong and reputable family-owned business in south Texas and we're excited to bring them into the Cascade organization. Texas and the Gulf Region have long been a target area which aligns well with Cascade's service lines. This acquisition supports our expansion goals and anchors our position in this extremely growth-rich environment," says Scott Wisher, CTS Midwest Regional Manager.

Terms of the agreement were not disclosed.
