

# Romexsoft visits Web Summit 2016 – What about you?

LVIV, UKRAINE, October 6, 2016  
/EINPresswire.com/ -- Do you know what is the largest Europe's technology marketplace? That's right - Web Summit! And Romexsofters will join it.

On November 7-10, 2016, [Romexsoft](#) Business Development team will visit Lisbon to attend [Web Summit 2016](#), which gathers in one place leaders of companies of all sizes and industries to find out how software and hardware can transform their businesses.

Why Web Summit?

We have chosen Web Summit to visit as

this is one of the greatest conferences in the world due to its unique approach to the conference creation in general.

Here you can meet talented startups that are ready to disrupt markets, established company leaders who know markets as their own hands, and highly talented software/hardware developers who know things others can't even imagine.

Romexsoft is one of such highly experienced software development companies and we want to share our knowledge to turn dreams into stunning and elegant tech solutions.

But first, a few quick words on the event:

About Web Summit

In six short years, Web Summit has grown from 400 attendees to over 50,000 attendees from more than 150 countries.

Web Summit has become "Europe's largest and most important technology marketplace", a crossroads for the world's largest buyers and sellers of technology, alongside many of the world's most disruptive emerging technology companies.

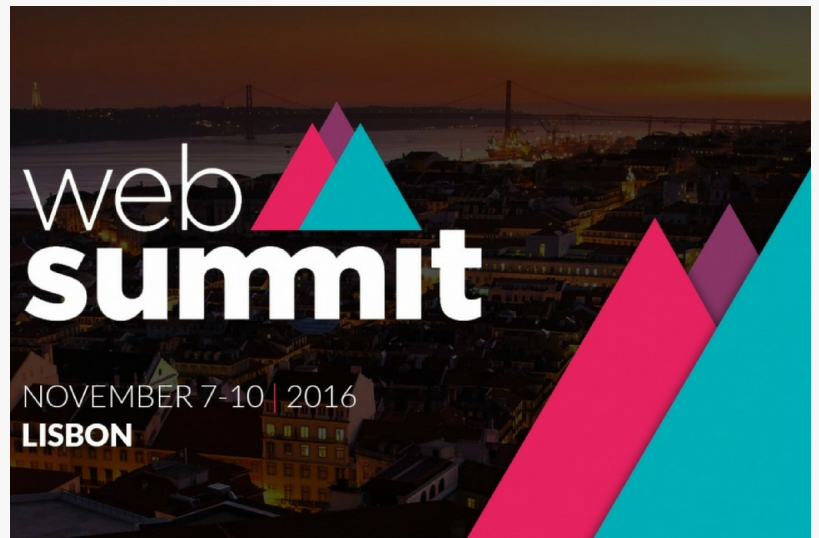

Here's one of the most interesting themes from Web Summit 2015:

[Machine Learning: The next great leap - Amit Singh, Google](#)

ROMexsoft team will be glad to discuss your ideas, advise how to monetize your project on early stages and help you with turning your idea into a working product.

Our experience is based on a great number of delivered projects in fintech, healthcare, media and entertainment, so if you're interested in this area and have any question, feel free to use the Contact Us or drop us an email at [info@romexsoft.com](mailto:info@romexsoft.com).

If you would like to know more about how we can help your startup by solving different technical challenges, ping us or read our references at [Clutch.co](https://clutch.co).

See you on Web Summit 2016!
