

Flight Navigation System Market Trends, Key Players, Market Demands, Industry Growth Analysis & Forecast to 2021

Global Flight Navigation System Market by Flight Instrument (Altimeter, Gyroscope), Product (Flight Control System), Application, & Geography - Forecast to 2021

PUNE, MAHARASHTRA, INDIA, October 12, 2016 /EINPresswire.com/ -- Market Synopsis of Global Flight Navigation System

The [Global Flight Navigation System Market](#) is expected to grow at a CAGR of around 7% during 2016-2021. The key factors driving the growth are increasing aircraft fleet, demand for avionics system with gen-next aircraft, demand for accurate flight navigation, capability of handling more air traffic, collision avoidance systems, gyroscopes, and integration of early warning radar.

As per the MRFR analysis, factors restraining the market growth are cyber-attack, high cost of autopilot system, and automation safety issue.

Key Players in the Global Flight Navigation System Market are Honeywell, Moog Inc., Northrop Grumman, Raytheon, Rockwell Collins, Boeing, Esterline Technologies, GE Aviation, Sagem, and Navtech."

Market Research Future

Demand of non-directional beacon, next generation avionics, and demand for aircraft condition monitoring system (ACMS) are the ongoing trends which will impact the market during the forecast period.

Study Objectives of Global Flight Navigation System

Market

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the Global Flight Navigation System Market

- To provide insights about factors affecting the market growth
- To analyze the Global Flight Navigation System Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective
- To provide country-level analysis of the market for segment by flight instrument, product, and application.
- To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Flight Navigation System Market

Access the market data and information presented through data tables and figures spread 103 pages of the project report. Avail in-depth table of content (TOC) & market synopsis on "[Global Flight Navigation System Market Research Report – Forecast 2016-2021](#)"

Key Players

Some of the key players in the Global Flight Navigation System Market are

- Honeywell
- Moog Inc.
- Northrop Grumman
- Raytheon
- Rockwell Collins
- Boeing
- Esterline Technologies
- GE Aviation
- Sagem
- Navtech

Target Audience

- Radio and transmitter OEMs
- System/Component Suppliers
- Potential Investors

- Key executive (CEO and COO) and strategy growth manager

Regional and Country Analysis of Global Flight Navigation System Market

As per the MRFR analysis, the EMEA region will continue its dominance in the forecast period to reach \$XX million, to grow at a CAGR of 6%. Whereas, Americas and APAC will grow at a CAGR of XX% and XX%, respectively during the forecast period.

The report also covers country level analysis:

Americas (North & Latin)

- US
- Canada
- Brazil
- Others

Europe

- Germany
- France
- Italy
- Spain
- U.K
- Rest of Europe

Asia – Pacific

- China
- India
- Japan
- Australia/New Zealand
- Rest of Asia-Pacific

Middle East & Africa

- UAE
- Kuwait
- Israel
- Rest of Middle East & Africa

About Market Research Future:

At [Market Research Future \(MRFR\)](https://www.marketresearchfuture.com), we enable our customers to unravel the complexity of

various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
