

Satellite Based Augmentation Systems Market Analysis and Forecast to 2021 Based on Elements (SATCOM, Radar), & Geography

Global Satellite Based Augmentation Systems Market by Elements (SATCOM, Radar, and Electro Optic / Infrared), and by Geography - Forecast to 2021

PUNE, MAHARASHTRA, INDIA, October 12, 2016 /EINPresswire.com/ -- Market Synopsis of Global Satellite Based Augmentation Systems

The [Global Satellite Based Augmentation Systems Market](#) is expected to grow at a CAGR of around 6% during 2016-2021. The key factors driving the demand are the growing developments of ATC infrastructure, need for authentic and accurate information to avoid errors, and rise in the development of airports construction and modernization.

Market Research
Future

As per the MRFR analysis, factors restraining the market are the cost associated with air traffic management (ATM) infrastructure modernization and the retrofit older aircraft with the upgraded systems.

Key players in the market are Garmin, Raytheon, Rockwell Collins, Thales, Universal Avionics, Advanced Navigation and Positioning Corporation, Intelcan Technosystems, Honeywell International"

Study Objectives of Global Satellite Based Augmentation Systems Market

- To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the Global Satellite Based Augmentation Systems Market

- To provide insights about the factors affecting the market growth
- To analyse the Global Satellite Based Augmentation Systems Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective
- To provide country-level analysis of the market for segment by elements
- To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market
- To track and analyse competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Satellite Based Augmentation Systems Market

Access the market data and information presented through data tables and figures spread 103 pages of the project report. Avail in-depth table of content (TOC) & market synopsis on "[Global Satellite Based Augmentation Systems Market Research Report](#) – Forecast 2016-2021"

Key Players

Some of the key players in the Global Satellite Based Augmentation Systems Market are:

- Garmin
- Raytheon
- Rockwell Collins
- Thales
- Universal Avionics
- Advanced Navigation and Positioning Corporation,
- Copperchase Ltd.
- Intelcan Technosystems
- Honeywell International
- Lockheed Martin
- Northrop Grumman
- Saab AB

Target Audience

- Satellite OEMs
- Equipment / System Suppliers
- Potential Investors
- Key executive (CEO and COO) and strategy growth manager

Regional and Country Analysis of Global Satellite Based Augmentation Systems Market

As per the MRFR analysis, the APAC will be the leading region in the forecast period to reach \$XX billion, to grow at a CAGR of around 10%. Whereas, EMEA and Americas will grow at a CAGR of 7% and XX%, respectively during the forecast period.

The report also covers country level analysis:

Americas (North & Latin)

- US
- Canada
- Brazil
- Others

Europe

- Germany
- France
- Italy
- Spain
- U.K
- Rest of Europe

Asia – Pacific

- China
- India
- Japan
- Australia/New Zealand
- Rest of Asia-Pacific

Middle East & Africa

- UAE
- Uwait
- Israel
- Rest of Middle East & Africa

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research &

Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
