

# Commercial Airport Lighting Market Research Report 2016-2021 with Key Players, Market Share Analysis and Forecast

*Global Commercial Airport Lighting Market by Application (Airside Lighting, Terminal Lighting, and Landside Lighting) and by Geography - Forecast To 2021*

PUNE, MAHARASHTRA, INDIA, October 13, 2016 /EINPresswire.com/ -- Market Synopsis of Global Commercial Airport Lighting

The [Global Commercial Airport Lighting Market](#) is expected to grow at a CAGR of around 8% during 2016-2021. The key factors driving the growth are growing air passenger traffic, investments on airport modernization and upgradation, and increased demand for passenger and aircraft safety.

As per the MRFR analysis, integration of airfield LED light fixtures, cost associated with lighting systems, and inconvenience caused due to improper visibility caused by LEDs installed at runways.

Adoption of solar LED lights to power runway, taxiway, and terminal lights, and evolution of technologies to monitor airfield lighting systems are the emerging trends, which would impact the market in the forecast period.

Key players in the market are Abacus Lighting, atg airports limited, Honeywell, Siemens AG, vosla GmbH, ADB Airfield Solutions, Avlite Systems, Carmanah Technologies Corp., Crouse-Hinds"

Study Objectives of Global Commercial Airport Lighting Market

- To provide detailed analysis of the market structure

along with forecast for the next 5 years of the various segments and sub-segments of the Global Commercial Airport Lighting Market

- To provide insights about factors affecting the market growth
- To analyse the Global Commercial Airport Lighting Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective
- To provide country-level analysis of the market for segment by application.
- To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market

•To track and analyse competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Commercial Airport Lighting Market

Access the market data and information presented through data tables and figures spread 103 pages of the project report. Avail in-depth table of content (TOC) & market synopsis on "[Global Commercial Airport Lighting Market Research Report –Forecast to 2021](https://www.marketresearchfuture.com/reports/global-commercial-airport-lighting-market-research-report-forecast-2016-2021)"

## Key Players

Some of the key players in the Global Commercial Airport Lighting Market are

- Abacus Lighting
- atg airports limited
- Honeywell
- Siemens AG
- Vosla Gmbh
- ADB Airfield Solutions
- Avlite Systems
- Armanah Technologies Corp.
- Crouse-Hinds
- Hella KGaA Hueck & Co.

The report also covers country level analysis:

### Americas (North & Latin)

- US
- Canada
- Brazil
- Others

### Europe

- Germany
- France

- Italy
- Spain
- U.K
- Rest of Europe

#### Asia – Pacific

- China
- India
- Japan
- Australia/New Zealand
- Rest of Asia-Pacific

#### Middle East & Africa

- UAE
- Kuwait
- Israel
- Rest of Middle East & Africa

#### About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
