

KiSS 1 Receptor Therapeutic Pipeline Market Review, H2 2016

KiSS 1 Receptor Treatment Pipeline Review H2 2016

PUNE, INDIA, October 14, 2016

/EINPresswire.com/ -- The report provides comprehensive information on the [KiSS 1 Receptor](#) (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R), targeted therapeutics, complete with analysis by indications, stage of development, mechanism of action (MoA), route of administration (RoA) and molecule type. The report also covers the

descriptive pharmacological action of the therapeutics, its complete research and development history and latest news and press releases. Additionally, the report provides an overview of key players involved in KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R) targeted therapeutics development and features dormant and discontinued projects.

Global Markets Direct's report features investigational drugs from across globe covering over 20 therapy areas and nearly 3,000 indications. The report is built using data and information sourced from Global Markets Direct's proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations and featured press releases from company/university sites and industry-specific third party sources. Drug profiles featured in the report undergoes periodic review following a stringent set of processes to ensure that all the profiles are updated with the latest set of information. Additionally, various dynamic tracking processes ensure that the most recent developments are captured on a real time basis.

The report helps in identifying and tracking emerging players in the market and their portfolios, enhances decision making capabilities and helps to create effective counter strategies to gain competitive advantage.

Scope

- The report provides a snapshot of the global therapeutic landscape for KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R)
- The report reviews KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled

Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R) targeted therapeutics under development by companies and universities/research institutes based on information derived from company and industry-specific sources

- The report covers pipeline products based on various stages of development ranging from pre-registration till discovery and undisclosed stages
- The report features descriptive drug profiles for the pipeline products which includes, product description, descriptive MoA, R&D brief, licensing and collaboration details & other developmental activities
- The report reviews key players involved in KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R) targeted therapeutics and enlists all their major and minor projects
- The report assesses KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R) targeted therapeutics based on mechanism of action (MoA), route of administration (RoA) and molecule type
- The report summarizes all the dormant and discontinued pipeline projects
- The report reviews latest news and deals related to KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R) targeted therapeutics

Reasons to buy

- Gain strategically significant competitor information, analysis, and insights to formulate effective R&D strategies
 - Identify emerging players with potentially strong product portfolio and create effective counter-strategies to gain competitive advantage
 - Identify and understand the targeted therapy areas and indications for KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R)
 - Identify the use of drugs for target identification and drug repurposing
 - Identify potential new clients or partners in the target demographic
 - Develop strategic initiatives by understanding the focus areas of leading companies
 - Plan mergers and acquisitions effectively by identifying key players and it's most promising pipeline therapeutics
 - Devise corrective measures for pipeline projects by understanding KiSS 1 Receptor (G Protein Coupled Receptor 54 or G Protein Coupled Receptor OT7T175 or Hypogonadotropin 1 or Kisspeptins Receptor or Metastin Receptor or GPR54 or KISS1R) development landscape
 - Develop and design in-licensing and out-licensing strategies by identifying prospective partners with the most attractive projects to enhance and expand business potential and scope
