

Educating Children Through Music - Peanut Butter Jelly JamZ

Peanut Butter Jelly Quality Child Care - Where Learning Is Done Through FUN, FUN, FUN!

OCEAN SPRINGS, MISSISSIPPI, UNITED STATES, October 14, 2016 /EINPresswire.com/ -- Educating Children Through Music

[Peanut Butter Jelly Quality Child Care, Inc.](#) (PBJQCC) is a small non-profit family child care which works with children between the ages of 2-5. Our goal is to prepare children for entry into kindergarten with the knowledge and attitude required for them to succeed during their early childhood years. This labor-of-love is accomplished by providing educational instructions using a variety of methods including but not limited to:

- Structured Classroom Lessons
- Music
- Games
- Physical Activities
- Field Trips
- And More

[The Peanut Butter Jelly JamZ Project](#), is the development of an Educational CD designed to teach and enhance childhood educational subjects through the power of music for children ages 2-8. The CD will contain songs designed to teach, enhance and re-enforce the knowledge of children in the areas of Literacy, Math, Science, Nutrition and other educational subjects. Peanut Butter Jelly JamZ will not be the typical children's CD where children are singing popular adult song. Peanut Butter Jelly JamZ will be an "Educational Dance CD". A CD that parent will want to play in the car, at home and even at a party. Simply put, parents will engage this CD because the "Music" is designed for them; yet the "Lyrics" will provide educational information to the children. So while mom and/or dad bounce to the beat, the children get lessons in various educational subjects.

So while mom and/or dad bounce to the beat, the children get lessons in various educational subjects.

Therefore, supporting this project will help to increase the educational and social levels of children between the ages of 2-8 all over the United States.
