

Practice Perfect EMR Becomes a Preferred Vendor for PTPN

Practice Perfect has garnered Preferred Provider status with PTPN's network of independent rehabilitation therapists

TORONTO, ONTARIO, CANADA,
October 18, 2016 /EINPresswire.com/ --

[Practice Perfect](#) is now a Preferred Vendor for PTPN, America's foremost network for rehabilitation professionals. Their status as a preferred provider guarantees that PTPN members can sign up for their fully-integrated EMR software solution at a discounted rate.

PTPN's network aims to connect rehabilitation professionals with a variety managed care organizations across America. They offer members exclusive deals on clinical supplies and services from companies like Practice Perfect.

"With the demise of [PTOS](#), another PTPN preferred provider EMR, the timing of this alliance was ideal. PTPN was looking for a progressive EMR option to help their members to fill the void, and we had been looking for an alliance with PTPN for quite some time," said Steve Presement, Founder and President of Practice Perfect EMR.

"Practice Perfect is not only capable of fulfilling the billing, scheduling, and clinical documentation needs of former PTOS users, but also taking those users to a whole new level of functionality that PTOS simply could not touch," said Presement.

Former PTOS users are invited to schedule a live one-on-one demo with Practice Perfect to see why this is a very natural progression. To date, Practice Perfect has commitments from over seventy-five former PTOS users to come on-board as the shutdown deadline approaches. That figure continues to grow every day.

About Practice Perfect

Practice Perfect Management & EMR is North America's foremost scheduling, billing, and clinical documentation software for the rehabilitation industry. It is designed to streamline clinic processes and provide key operational information giving staff more time to spend on business-building and revenue-generating opportunities.
