

# Global Helicopter Blade Market Likely to Experience Strong Growth Over the Next Five Years (2016-2021)

*An Extensive Market Research Report from Stratview Research Includes Trends, Forecasts, Competitive Analysis and Strategic Growth Opportunities.*

DETROIT, MI, USA, October 18, 2016

/EINPresswire.com/ -- Stratview

Research announces the addition of a new market research report on [Global Helicopter Blade Market](#) by Helicopter Type (Civil, Military, Civil / Military), by Engine Type (Turbine and Piston), by Blade Type (Rotor and Tail), by Design Type (Symmetrical and Under Cambered), by Material Type (Glass Composites, Carbon Composites,

Others), by Manufacturing Process (Sandwich Construction, Others), and by Region (North America, Europe, Asia-Pacific, and RoW), Trend, Forecast, Competitive Analysis, and Growth Opportunity: 2016 - 2021

This market report from Stratview Research studies the helicopter blade market over the period 2010 to 2021. The research report provides detailed insights on the market dynamics to enable informed business decision making and growth strategy formulation based on the opportunities present in the market.

## The Global Helicopter Blade Market: Highlights

Stratview Research foresees a strong growth in the global helicopter blade market over the next five years (2016 - 2021), which offers an opportunity to the aerospace industry players to align themselves with the market growth.

There are a number of factors bolstering the growth of helicopter blade market in aerospace & defense industry. The author of the industry report cited increasing demand of helicopters in the developing regions, such as China & India, technology advancement, and recovering oil prices as the key drivers in the global helicopter blade market. Composite materials are increasingly used

The Publisher, a Global Market Intelligence Firm

in both the rotor and tail blades of helicopters.

There are independent rotor and tail blade manufacturers as well as OEMs with in-house blade manufacturing capability. Most of the OEMs are currently having captive manufacturing of both rotor and tail blades. They do not sell rotor and tail blades to other OEMs.

The key helicopter blade manufacturers are Bell Helicopter, Boeing Helicopter, Carson Helicopters, Ducommun Aero Structures, Eagle Technologies, Eurocopter, GKN Aerospace, Hindustan Aeronautics Limited, Kaman Aerosystems, Robinson Helicopter Co., Sikorsky Aircraft, and Van Horn Aviation.

New product development, collaboration with OEMs, and long term contacts are the key strategies adopted by the key players to gain competitive edge in the market.

## Report Features

This industry research report from Stratview Research provides market intelligence in the most comprehensive manner. The report structure has been kept such that it offers maximum business value. It provides critical insights on the market dynamics and will enable strategic decision making for the existing market players as well as those willing to enter the market. The following are the key features of the research report:

- Market structure: Overview, industry life cycle analysis, supply chain analysis.
- Market environment analysis: Growth drivers and constraints, Porter's five forces analysis, SWOT analysis.
- Market trend and forecast analysis.
- Market segment trend and forecast.
- Competitive landscape and dynamics: Market share, product portfolio, product launches, etc.
- Attractive market segments and associated growth opportunities.
- Emerging trends.
- Strategic growth opportunities for the existing and new players.
- Key success factors.

Stratview Research has a number of high value market reports in the global aerospace & defense industry. Please refer to the following link to browse through our reports:

## About Stratview Research

Stratview Research is a global market intelligence firm providing wide range of services including syndicated market reports, custom research and sourcing intelligence across industries, such as Advanced Materials, Aerospace & Defense, Automotive & Mass Transportation, Composites, Consumer Goods, Construction & Equipment, Electronics and Semiconductors, Energy & Utility, Healthcare & Life Sciences, and Oil & Gas.

We have a strong team of industry veterans and analysts with an extensive experience in executing custom research projects for mid-sized to Fortune 500 companies, in the areas of Market Assessment, Opportunity Screening, Competitive Intelligence, Due Diligence, Target

Screening, Market Entry Strategy, Go to Market Strategy, and Voice of Customer studies. Stratview Research is a trusted brand globally, providing high quality research and strategic insights that help companies worldwide in effective decision making.
