

AnyFlip Enhanced Its Brochure Maker with More Powerful Functions

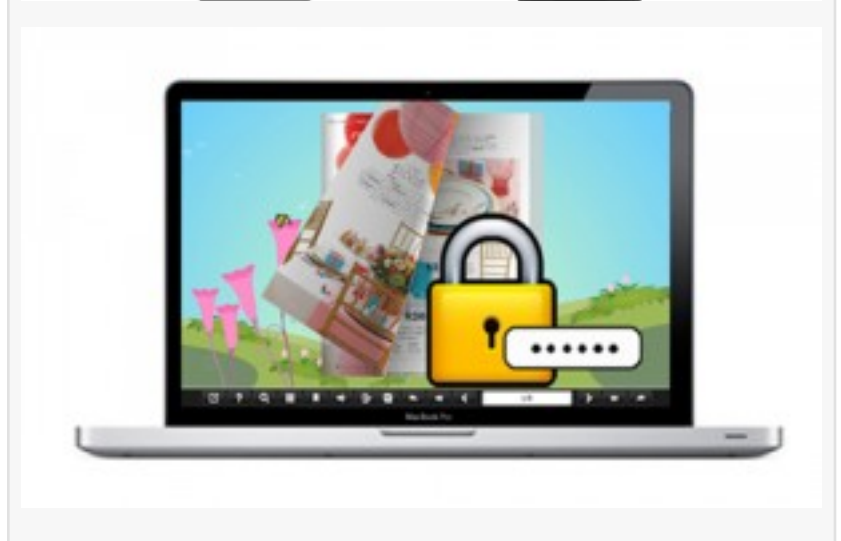

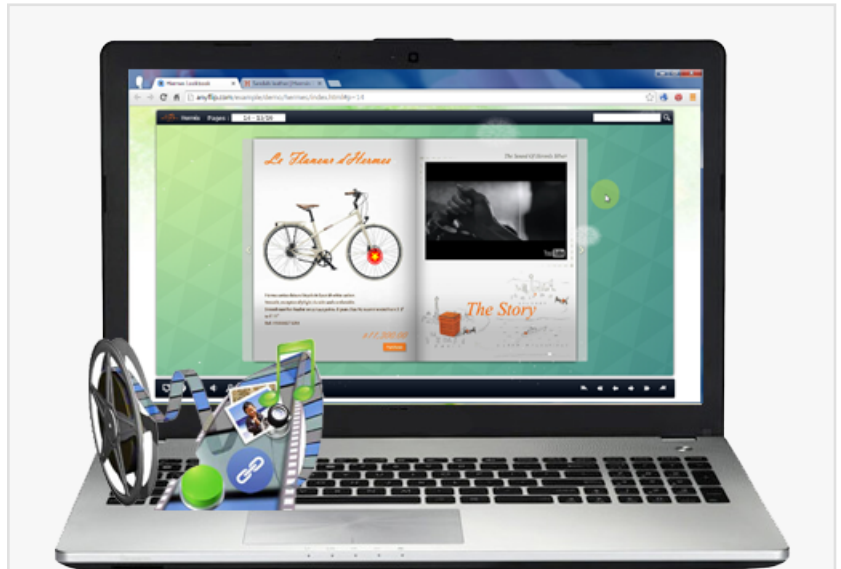

AnyFlip, has been regarded as the best brochure maker for interactive content publishing. It is upgraded with new features and fixes recently

HONGKONG, CHINA, October 19, 2016 /EINPresswire.com/ -- AnyFlip, a popular digital publishing platform as well as the leading [brochure maker](#), has added a series of new features. AnyFlip makes it easy to create the attractive brochures to engage the target customers and inspire them to buy. It is a great way to boost the ecommerce and expand the brand.

With the fast development, AnyFlip has won the users from all over the world. It allows users to bring life to the PDF document. Of course, it will help to enrich the content with multimedia, such as videos, images and hyperlinks. There is no doubt that the realistic page flip effect will make the reading more comfortable.

Thanks to the great efforts of AnyFlip developers, the new enhancements make AnyFlip more powerful and perfect for all walks of life. It includes:

- Now there is User password list available and users can revise after publishing.
- Users can now edit the hint of password windows.
- The crop, encrypt and text export function has been optimized.
- Now it can automatically recognize the configuration from PDF file, such as page width, table of content etc. The link and email link of PDF text can also be recognized.
- Fix the bug of ntdll.dll 0x77742239,

and strengthen the stability.

- Fix the bug of "error occurred when importing PDF file".
- Now users can publish the Exe digital publication correctly on Win10.

All these enhancements are definitely going to make AnyFlip a more profoundly accepted digital brochure maker across verticals. As the leading brochure maker, AnyFlip allows users to add the ecommerce elements to the brochures, such as the online store links, prices and images. It will vividly display the products and impress the target audiences.

For more about AnyFlip, please go to [AnyFlip homepage](#) and free download the software to have a try.
