

# Lorraine Chilson of Energy Healing and Hypnosis to be Featured on CUTV News Radio

FAIR OAKS, CALIFORNIA, USA, October 26, 2016 /EINPresswire.com/ -- There are many healers, but there aren't many genuine healers. Lorraine Chilson is a genuine healer, bridging the gap from allopathic western medicine to energy healing.

Previously a dedicated registered nurse and medical intuitive for over 25 years, today Lorraine is the founder of Energy Healing and Hypnosis, where she provides healing experiences that address both the physical and spiritual nature of trauma and illness. Lorraine's goal is to assist individuals in their healing through the unity of body and spirit.

"We need both," says Lorraine. "This work is changing the face of medicine and the way we think about healing."

During her years studying and practicing western medicine in various hospitals, Lorraine realized her calling to become an energy healer and light worker. Continually inspired by the readings and teachings of various spiritual teachers and scientists, she has devoted herself to creating a well-rounded and revolutionary practice.

"I was raised by spiritual people so that's what I've drawn from," says Lorraine. "My mother had many spiritual experiences when I was growing up as a kid. She was like a shaman. She suffered so much so the only thing I wanted to do when I was a kid was help heal her. Now I want to help others."

Lorraine works with everyone from patients with end-stage cancer to people who just feel out of balance. She is professionally trained in Hypnotherapy, Biofield Tuning, sound healing with crystal bowls, Quantum Touch, Reiki and Pranic Healing, as well as QHHT Hypnosis.

"Our thoughts and feelings are magnetic and those same thoughts and feelings draw the same experiences to us again and again," says Lorraine. "That's why people get caught up in lives they can't change."

Lorraine believes we are currently experiencing a shift in consciousness, a harvesting of souls for the dimension of love, but it's contingent upon how many people awaken.

“My highest purpose is to help as many people as I can to get the help they need to increase their vibration of love at this crucial time,” says Lorraine. “We have to trust this inner-calling. If we’re moving into a dimension of love, we have to take the risk.”

CUTV News Radio will feature Lorraine Chilson in an interview with Doug Llewelyn on October 28th at 2pm EDT.
