

Wireless Power Receiver Market: World Market Outlook, Trend, Growth, Share, Competitor strategy and Forecast to 2022

Global Wireless Power Receiver Information, By Technology (Inductive Coupling, Capacitive Coupling), By Application - Forecast 2016-2022

PUNE, MAHARASHTRA, INDIA, October 21, 2016 /EINPresswire.com/ --

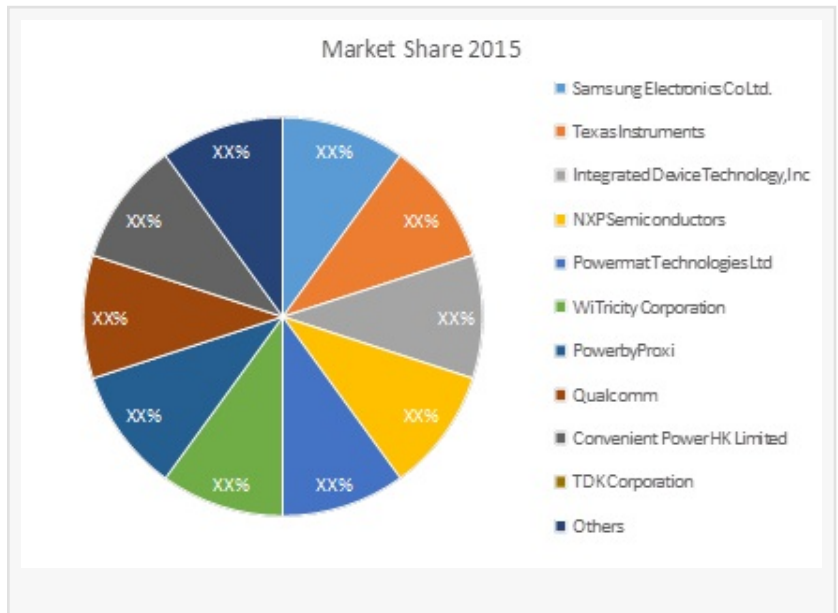

Segments:

[Global Wireless Power Receiver market](#) has been segmented

On the basis of Technology includes- Inductive coupling, Capacitive coupling and others.

On the basis of application, the market has been segmented as Consumer

Electronics which includes- Smartphones, Tablets, Wearable Devices, Others, Healthcare, Automotive, Aerospace and Defense, Industrial among others

Market Synopsis of [Wireless Power Receiver Market](#):

The Major Key Players are Samsung Electronics Co Ltd.(South Korea), Texas Instruments Inc.(U.S.), Integrated Device Technology, Inc.,NXP Semiconductors,Powermat Technologies Ltd,WiTricity Corporation."

Market Research Future

Market Scenario:

World is changing, and due to the technological advancement, new products are coming into picture every day. Wireless Power Receiver is a product which helps to receive the power for a product wirelessly. The most relevant example for wireless power receiver are Galaxy S6 smartphone and Apple Smart Watch. These products are designed in such a way that it can help to transmit the electric energy without any wires or cables. Growing smartphone industry and increasing consumer awareness are few factors which is driving the market of Wireless Power Receivers. Global Wireless Power Receiver Market has been valued at US \$XX million in the year 2015 and as

the shipments around the world for the end products are increasing, it is expected that market will reach the market size of US \$XX million by the end of forecasted period

Reasons to Purchase this report:

From an insight perspective, this research report has focused on various levels of analyses—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, emerging and high-growth segments of the Global Wireless Power Receiver Market. High-growth regions, and market drivers, restraints, and opportunities.

Key questions answered in this report

- What will the market size be in 2022 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
