

# Global Polyolefin Market Research, Growth, Share, Industry Trends and Analysis, Forecast, Supply Demand and Sales - 2022

*Global Polyolefin Market Information by Type (Polypropylene (PP), Polyethylene (PE) and Polymethylpentene (PMP)) by Application and by Region - Forecast to 2022*

PUNE, MAHARASHTRA, INDIA, October 25, 2016 /EINPresswire.com/ -- Target Audience

- Manufactures
- Raw material Suppliers
- Aftermarket suppliers
- Research Institute / Education Institute
- Potential Investors
- Key executive (CEO and COO) and strategy growth manager

## Market Scenario

The Major Key Players are BASF SE, The Dow Chemical Co., E. I. du Pont de Nemours and Company, Formosa Plastics Corporation, Sinopec Corporation, LyondellBasell Industries Holdings B.V."

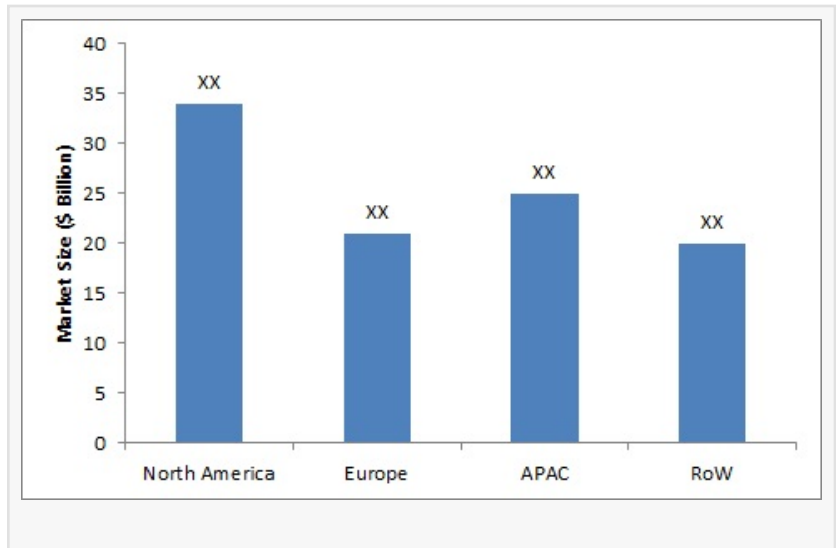

*Market Research Future*

The market for Polyolefin is driven by increasing demand for eco-friendly packaging and ease of availability of raw materials in emerging nations. Polyolefin is preferred over the other metal substitutes due to its properties such as light weight, high durability and the ability to resist chemical reactions. This boosts the popularity of these polymers among all the applications. Polyethylene (PE) was valued to have the largest market by type and is expected to attain a share of around 30% of [global polyolefin market](#) by 2022. Film & Sheet is expected to lead the market share by application in the forecasted period.

The government regulations to optimize the fuel efficiency and reduce the CO2 emission have fueled the demand for these polymers from the automotive sector. The production of polyolefin

is expected to cross 180 million tons by 2022 globally. This is backed by the rising disposable incomes of average population have widened the scope for the market. The global [Polyolefin market](#) is expected to cross USD 300 Billion at the end of the forecasted period and is expected to grow at CAGR of approximately 7% from 2016 to 2022.

### Key Players

The key players of Global Polyolefin Market report include-

- BASF SE,
- The Dow Chemical Co.
- E. I. du Pont de Nemours and Company,
- Formosa Plastics Corporation,
- Sinopec Corporation,
- LyondellBasell Industries Holdings B.V.
- ExxonMobil Corporation,
- China National Petroleum Corporation
- SABIC,
- Braskem S.A.
- Total S.A.
- Theos Group AG
- Arkema S.A.

### Regional Analysis of Global Polyolefin Market

APAC dominates the Global Polyolefin Market with its fast growing market worldwide with a share of over 46% in polyolefin market. The region has seen rapid industrialization with increasing number of manufacturing plants being set up by global players. This induces the demand for these polymers. The trend is expected to continue for coming years and this would result in an expanding share of APAC by 2022.

However, North America had the largest market size in 2015 and is expected to show steady growth by 2022. Europe and Rest of the World are also expected to grow from 2016 to 2022. The

regions of North America and Europe are well established markets for these polymers and are increasing their R&D investments coupled with technological advancement and application specific product development to expand further.

#### Reasons to Purchase this report:

From an insight perspective, this research report has focused on various levels of analyses—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, emerging and high-growth segments of the Global Polyolefin Market. High-growth regions, and market drivers, restraints, and opportunities.

#### Key questions answered in this report

- What will the market size be in 2022 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
