

# LTCGA Site Revamp Features More Long Term Care Solution Tools

*LTC Global Agency launched its revamped website to further increase awareness on the importance of long term care insurance basics.*

FORT MYERS, FLORIDA, USA, October 26, 2016 /EINPresswire.com/ -- The LTC Global Agency (LTCGA) launches its revamped website, [www.ltcga.com](http://www.ltcga.com). Updates made on the site range from the inclusion of industry tools and improved content to address long term care issues that affect both users and agents.

Focusing the design to a more "human-centric" approach, the site was remodeled to make visitors able to seek the information they need in a more user-friendly manner. Potential policyholders can now have access to various long term care resources, and request for free long term care quotes through a faster and easier process. Existing clients can now stay in the loop of the long term care industry, with updated LTC resource pages and an active blog section.

Licensed LTCI agents and specialists can now upgrade their services through the site's latest industry tools. LTCGA's Agency Services feature allows players in the field to have the means to acquire services to reach out to new clients, and marketing tools and technology are now available to tap into and convert leads. Additionally, the site further emphasizes the importance of providing commission options with its Commission Financing Option for Agents.

The decision for the site revamp stems from the push for urgent long term care planning. With more people expected to receive this type of care during the retirement years, more resources should be made available. "Long term care planning isn't your typical retirement planning," LTC Global Agency leader Deborah Skiff states. "There are numerous factors that need to be addressed, which may confuse one if he or she does not have the guidance or resources to help in planning. With this website, we hope to provide the means for more people to identify the need of LTC, access the appropriate LTC resources, and create a plan to secure their futures."

## About LTC Global Agency
