

Turfscapes Westside Provides Pet-Friendly Synthetic Turf Landscaping Solutions for Los Angeles Area Families

BEVERLY HILLS, CA, USA, November 2, 2016 /EINPresswire.com/ -- Turfscapes Westside, a leading provider of synthetic turf landscaping solutions in the Los Angeles area, is making life easier on pets and pet owners with its environmentally friendly synthetic turf designed specifically for all types of pets. The modern Turfscapes surface allows urine to pass through it just as it would grass, and any surface-level excrement can simply be scooped and rinsed off. The fibers in the synthetic turf system are polyethylene, which is odorless and does not stain easily.

"As a pet owner, I can certainly relate to the lawn care challenges associated with pets and ordinary grass maintenance," said Bradley White, Owner of Turfscapes

Give your pet the life he/she deserves with pet-friendly landscaping solutions from Turfscapes Westside.

Westside. "But it's not just about ensuring your lawn stays in a pristine state, it's about providing a better life for your pet."

Studies have found that dogs exposed to herbicides-treated lawns and gardens can double their chance of developing canine lymphoma and may increase the risk of bladder cancer in certain breeds by four to seven times.

“

It's not just about ensuring your lawn stays in a pristine state, it's about providing a better life for your pet.

Bradley White, Turfscapes Westside

"We have two big dogs and they had completely destroyed our old turf in the backyard. We had it replaced numerous times and it always looked terrible," said Beverly Hills resident Sharon I. "As soon as the new turf was down, the dogs took to it instantaneously."

Sharon's husband, Lou, agrees. "What I like about it is that it's really easy to clean, and it absolutely looks real," he said.

Gina H., a Cheviot Hills resident, also appreciates what a difference Turfscapes has made for her dogs. "I noticed how the turf could really withstand them using the bathroom and came to appreciate how

much this product could enhance my life," Gina said. Another benefit besides the elimination of odors? No more muddy or dirty paw prints on the inside floors. "There is so much less dirt being dragged into the house."

Based in Beverly Hills, Turfscape Westside provides scientifically advanced, environmentally friendly synthetic turf landscaping solutions to Los Angeles area homes, businesses and communities. Turfscape saves residential, municipal and commercial customers time and money, improves aesthetic appeal and ensures a safe surface for families, children and pets.
