

Global Antistatic Agent Market Size, Share, Segmentation, Competitors Strategy Analysis and Forecast to 2022

Antistatic Agent Market Research Report, By Product type (fatty acid esters, ethoxylated amines, quaternary ammonium) By End use Application - Forecast To 2022

PUNE, MAHARASHTRA, INDIA,
November 3, 2016 /EINPresswire.com/ --
Target Audience

- Manufactures of end-use industry
- Raw material Suppliers
- Aftermarket suppliers
- Research Institute / Education Institute
- Potential Investors
- Key executive (CEO and COO) and strategy growth manager

Key Players for Antistatic Agent Market:

The Major Key Players are BASF SE, Evonik Industries, Akzo Nobel, Dupont, Clariant, Solvay, Noble Biomaterials, 3M Electronics Mitsubishi Chemical Corporation, Dow Chemical Company”

Market Research Future

- BASF SE
- Evonik Industries
- Akzo Nobel
- Dupont
- Clariant
- Solvay
- Noble Biomaterials
- 3M Electronics
- Mitsubishi Chemical Corporation
- Dow Chemical Company

Additional Information

- Regulatory Landscape
- Pricing Analysis
- Macroeconomic Indicators

- Geographic Analysis
- Geographical analysis across 20 countries

Company Information

- Profiling of 10 key market players
- In-depth analysis including SWOT analysis, and strategy information of related to report title
- Competitive landscape including emerging trends adopted by major companies

Market Synopsis of Antistatic Agent Market

The [global antistatic agent market](#) has seen a significant growth over the past few years and as per MRFR analysis, the global market will achieve the same growth over the next six years. Antistatic agent is one of those chemical

compounds which are particularly used for treatment of materials or their surfaces in order to eliminate or reduce buildup of static electricity. The global antistatic agent market is expected to reach more than USD 6.5 billion by 2022 with a CAGR of more than 5.8%.

Test the market data and market information presented through more than 50 market data tables and figures spread over 138 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Antistatic Agent Market Research Report - Global Forecast to 2022](#)"

The global antistatic agent market is majorly driven by its physical properties such as low toxicity, non-hazardous and high ionic strength. The other factors which have accelerated the demand of antistatic agent are rising demand from the application industries such as packaging, electronics, automotive, coatings, medical and others.

Geographically, APAC is expected to be the leading market for antistatic agent where the countries such as China, India, Japan, and Singapore hold the maximum share. Along with this, the growing industrialization is also one of the major factor for the APAC as well as other regions. Followed by APAC, Europe has positioned itself on second and North America on third.

Study Objectives of Antistatic Agent Market:

- To provide detailed analysis of the market structure along with forecast for the next 6 years of the various segments and sub-segments of the Antistatic Agent market
- To provide insights about factors affecting the market growth
- To analyze the Antistatic Agent market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia-Pacific, and RoW.
- To provide country level analysis of the market with respect to the current market size and future prospective

- To provide country level analysis of the market for segments by product types, end use applications and regions
- To provide overview of key players and their strategic profiling in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global market

The report covers brief analysis of geographical region includes

North America

- US
- Canada

Europe

- Germany
- France
- Italy
- Netherlands
- U.K.
- Rest of Europe

APAC

- China
- India
- Japan
- Rest of Asia-Pacific

RoW

- South America
- Middle East
- Africa

The report for Global Antistatic Agent Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.

LIST OF TABLES

Table 1	World Population By Major Regions (2015 To 2030) (Million)
Table 2	Global Antistatic Agent Market: By Region, 2014-2022 (Usd Million)
Table 3	North America Antistatic Agent Market: By Country, 2014-2022 (Usd Million)
Table 4	Europe Antistatic Agent Market: By Country, 2014-2022 (Usd Million)
Table 5	Asia-Pacific Antistatic Agent Market: By Country, 2014-2022 (Usd Million)
Table 6	RoW Antistatic Agent Market: By Country, 2014-2022 (Usd Million)
Table 7	Global Antistatic Agent for Product Type Market: By Regions, 2014-2022 (Usd Million)
Table 8	North America Antistatic Agent for Product Type Market: By Country, 2014-2022 (Usd Million)
Table 9	Europe Antistatic Agent for Product Type Market: By Country, 2014-2022 (Usd Million)

Table 10 Asia-Pacific Antistatic Agent for Product Type Market: By Country, 2014-2022 (Usd Million)
