Scope of the Study

The scope of the study categorizes the liquid roofing market as types and application.

- By Types
 - o Polyurethanes
 - o Water-based Acrylic
 - o PMMA (Polymethyl methacrylate)
 - o Polyurea Systems
 - o Water Dispersible Polymers
 - o Others
- By Application
 - o Residential
 - o Non-residential

About Market Research Future:

At [Market Research Future \(MRFR\)](https://www.marketresearchfuture.com), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
