PUNE, INDIA, November 3, 2016 /EINPresswire.com/ -- About [Multi-Touch Technology Market](#)

Global Multi-Touch Technology market is valued at \$4.64 billion in 2015 and is expected to grow at a CAGR of 16.2% to reach \$13.29 billion by 2022. The factors that are favoring the market growth include growing mobile phone market, increasing multi-touch applications and increasing corporate buyers. However, factors such as shortage of indium-tin-oxide and average cost are hindering the growth of multi-touch technology market. Multi touch devices with gesture recognition technology and emerging applications in advertising and retail are the future opportunities involved.
