

Fast Capital 360 Ends 2016 and Embarks on 2017 with Record Growth

As Fast Capital 360 reflects on this year, it remains excited about the future of helping small businesses grow.

SOUTHAMPTON, PA, USA, November 3, 2016 /EINPresswire.com/ -- [Fast Capital](#) 360 continues its expansion and growth and prepares for more record growth in 2017. The Southampton, PA based company has grown its employee size by 300% in 2016 and shows no evidence of slowing down. In 2017, Fast Capital projects adding 100 more new employees to support the demand of small businesses they serve.

In addition to the increased personnel, leadership positions have also been created to assist the needs of the businesses they help. A winning partnership of experienced and dedicated employees is met by rewards and security from the funding company. With competitive salaries, company trips and prizes, it pays an individual to work their hardest for the clients they assist.

Culture in the company is equally important. Fast Capital offers a laid back, fun environment backing its belief that one should work hard to play hard. It's not uncommon to see employees riding around on scooters, playing in the game room, or taking a brief rest in the quiet room to regroup and stay focused on the needs of the customer.

And customers of Fast Capital have given rave reviews on [Trustpilot](#) due to their positive experiences with their business advisers and the company itself. Business advisers are up front and transparent when communicating with the merchants that are looking to grow their businesses. Business owners, that need capital for growing their own businesses, appreciate not only accessibility to a variety of programs, but honesty in the delivery. Unfortunately, that is a quality not all funding companies possess. Fast Capital believes that is a big part of its success. Match that with same or next day funding, and customers walk away more than satisfied.

Should your business need capital for a new project, expansion, or working capital, give [Fast Capital 360](#) a call at (800) 735-6107 to speak to one of their dedicated Business Advisers.
