The report enhances the decision making capabilities and helps to create an effective counter strategies to gain competitive advantage.

## Scope

- The report provides a snapshot of the global clinical trials landscape
- Report provides top level data related to the clinical trials by Region, Country (G7 & E7), Trial Status, Trial Phase, Sponsor Type and End point status
- The report reviews top companies involved and enlists all trials (Trial title, Phase, and Status) pertaining to the company
- The report provides all the unaccomplished trials (Terminated, Suspended and Withdrawn) with reason for unaccomplishment
- The Report provides enrollment trends for the past five years
- Report provides latest news for the past three months

## Reasons to buy

- Assists in formulating key business strategies with regards to investment

- Helps in identifying prominent locations for conducting clinical trials which saves time and cost
- Provides top level analysis of Global Clinical Trials Market which helps in identifying key business opportunities
- Supports understanding of trials count and enrollment trends by country in global therapeutics market
- Aids in interpreting the success rates of clinical trials by providing a comparative scenario of completed and uncompleted (terminated, suspended or withdrawn) trials
- Facilitates clinical trial assessment of the indication on a global, regional and country level
