Microbiology testing market regional analysis:

Key Players:Abbott Laboratories, Inc. (U.S.), Alere, Inc. (U.S.), bioMérieux SA (France), Becton, Dickinson and Company (U.S.), Bio-Rad Laboratories, Inc. (U.S.), Bruker Corporation (U.S.)”
Market Research Future

The regional analysis comprises of North America, Europe, Asia Pacific, Middle East and rest of the world.

North America:

North America dominates the microbiology tests market due to large number of market-focused players providing wider range of product portfolio and is followed by Europe.

Asia:

Emerging economies of Asia Pacific and Latin America are expected to show significant growth in the microbiology tests

market due to an increase in the number of laboratories in these regions and development of existing

ones for automation of various instrumentation systems.

Key Players:

- Abbott Laboratories
- Inc. (U.S.)
- Alere, Inc. (U.S.)
- bioMérieux SA (France)
- Becton
- Bio-Rad Laboratories
- Bruker Corporation (U.S.)
- Cepheid (U.S.)
- Danaher Corporation (U.S.)
- Hologic
- Hoffmann-La Roche Ltd. (Switzerland)

Microbiology testing market segmentation:

- The pharmaceuticals market has showing highest share in microbiology test market in 2014 and food application is showing good opportunities in microbiological test market in upcoming years.
- Microbiology test market segmentation can be done by Instrument, consumables, and applications.
- Microbiology test market by instrument: automated microbiology, dilution machines, dispensers and labelers.
- Microbiology test market by consumables: kits and reagents
- Microbiology test market by applications: pharmaceuticals, clinics, food, and energy.

Taste the market data and market information presented through more than 150 market data tables and figures spread in 115 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Microbiology testing market Research Report- Global Forecast to 2024](#)"

Microbiology testing Application:

Microbiology testing is majorly used in pharmaceuticals/medical, food and beverages market, energy and in cosmetics market. The products such as AquaPlate, Real-time PCR, food pathogen system, etc. are being used by laboratories to test water contamination, pharmaceuticals and food samples. Various methods such as culture testing method or food pathogen test are used to perform microbial testing on the microbial samples.

Microbiology testing market growth influencer:

The major growth drivers of microbial market is the large disease burden of infectious diseases, the growing trend of laboratory automation, the increase in access to medical insurance and increased healthcare expenditure.

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
