

## Simulation and Analysis Software 2016 Global Market Expected to Grow at CAGR 11.9% and Forecast to 2020

PUNE, INDIA, November 10, 2016 /EINPresswire.com/ --

WiseGuyReports.Com Publish a New Market Research Report On –"Simulation and Analysis Software 2016 Global Market Expected to Grow at CAGR 11.9% and Forecast to 2020".

The analysts forecast the global simulation and analysis software market to grow at a CAGR of 11.9% during the period 2016-2020.

Simulation and analysis software is one of the major segments of product life cycle management (PLM) software, and it has a 14% share in the global PLM software market. PLM customers need simulation and analysis tools to achieve long-term benefits of PLM software. Increasing adoption of PLM software enhances the demand for simulation and analysis software.

CFD is a software application that helps end-users analyze the flow, turbulence, and pressure distribution of liquids and gases and their

interaction with structures. It also helps in predicting fluid flow, mass transfer, chemical reactions, and other related phenomena. CFD uses high-speed computers, various numerical methods, and solvers to simulate the flow of fluids (gases and liquids). Simulation refers to the digital prototype of the real-world scenario, which helps in detecting errors in designs before proceeding to production. CFD finds wide applications in industries such as the automotive, aerospace and defense, electrical and electronics, and energy.

Covered in this report

The report covers the present scenario and the growth prospects of the global simulation and analysis software market for 2016-2020. To calculate the market size, we have considered the revenue generated from the sales of simulation and analysis software (finite element analysis [FEA],

CFD, and Emag) licenses and services.

The market is divided into the following segments based on geography:

- Africa
- APAC
- Europe
- Middle East
- North America
- South America

The report, Global Simulation and Analysis Software Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Complete Report Details @ <u>https://www.wiseguyreports.com/reports/494919-global-simulation-and-analysis-software-market-2016-2020</u>

Key vendors

- ANSYS
- MSC Software
- Dassault Systèmes
- CD-adapco
- Siemens PLM Software
- Mentor Graphics
- Other prominent vendors
- Altair Engineering
- Aspen Tech
- Bentley Systems
- Blue Ridge Numerics (Autodesk)
- Computational Engineering International
- ESI
- Exa
- Flow Science
- NEi Software
- Numeca International

Market driver

- Availability and high demand for integration with computer-aided design (CAD)
- For a full, detailed list, view our report

Market challenge

- Availability of open-source software
- For a full, detailed list, view our report

Market trend

- Use of simulation software to develop Internet of Things (IoT) supporting devices
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?

- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary

• Highlights

PART 02: Scope of the report

• Top-vendor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

Key market highlights

PART 05: PLM overview

PART 06: Market landscape

Market size and forecast

PART 07: Market segmentation by application

- FEA
- CFD
- Emag

PART 08: Market segmentation by end-user

PART 09: Automotive industry

- Global simulation and analysis software market by automotive industry
- Global FEA market by automotive industry
- Global CFD market by automotive industry
- Global Emag market by automotive industry

PART 10: Industrial machinery industry

- Global simulation and analysis software market by industrial machinery industry
- Global FEA market by industrial machinery industry
- Global CFD market by industrial machinery industry

PART 11: Electrical and electronics industry

- Global simulation and analysis software market by electrical and electronics industry
- Global FEA market by electrical and electronics industry
- Global CFD market by electrical and electronics industry
- Global Emag market by electrical and electronics industry

PART 12: Aerospace and defense industry

- Global simulation and analysis software market by aerospace and defense industry
- Global FEA market by aerospace and defense industry

- Global CFD market by aerospace and defense industry
- Global Emag market by aerospace and defense industry

## ABOUT US:

Wise Guy Reports is part of the Wise Guy Consultants Pvt. Ltd. and offers premium progressive statistical surveying, market research reports, analysis & forecast data for industries and governments around the globe. Wise Guy Reports features an exhaustive list of market research reports from hundreds of publishers worldwide. We boast a database spanning virtually every market category and an even more comprehensive collection of market research reports under these categories and subcategories.
