PUNE, INDIA, November 15, 2016 /EINPresswire.com/ -- [Catheters Industry](#)

Global Catheters Market accounted for \$28.56 billion in 2015 and is expected to grow at a CAGR of 8.27% to reach \$49.82 billion by 2022. Growing demand for minimally invasive medical procedures, rising aged population worldwide, and increasing prevalence of cardiovascular diseases are the major factors driving the market growth. On the other hand, factors such as rising healthcare acquired infections, huge costs and absence of skilled professionals hampers the market growth. Increase in pricing pressure on market players and strict regulatory bodies are the major challenges involved in the catheters market.
