

Who do you wish you could speak to one last time?

A new US Company "MyTrustedWill" launched its new website that will allow us to speak to our families even after we pass away!

LEWES, DE, UNITED STATES, November 16, 2016 /EINPresswire.com/ -- Because. As was said, "Family is not an important thing. It's everything." and nothing can ever replace the void left by your absence.

A new US Company "MyTrustedWill" launched its new website that will allow us to speak to our families even after we pass away! Text them, Call them on phone, Leave videos, audios, documents, and much more!

MyTrustedWill was built in 31 months by 4 senior software engineers with past experience in Google and Microsoft, including two AI systems that manage and ensure that all your requests are delivered, and includes several layers of security to ensure data privacy and encryption. the free account includes 75 SMS, 14 minutes of international calls, 50 MB storage, and unlimited emails!

MyTrustedWill was featured on ProductHunt.com, The company said that they're working to launch a translated versions for the website in five different languages, including special versions for deaf and blind because "their services are for everyone!"

The company was launched in October 2016, and they have 1.6k of active users that started to upload information and messages that will be sent to their families after they pass away - check the website: <https://mytrustedwill.com>
