PITTSBURGH, PENNSYLVANIA, UNITED STATES, November 14, 2016 /EINPresswire.com/ -- [Sunny Days In-Home Care](#) continues to build on its impressive business accolades with yet another award honor in 2016.

This time, the Pittsburgh-based franchise company joins a list of the best entrepreneurial companies in America on the [Entrepreneur 360](#). Founders of these companies, like Sunny Days In-Home Care, are lauded for growing businesses that "expertly balance impact, innovation, growth and leadership."

"What a year it has been for us at Sunny Days In-Home Care. We couldn't be more proud of our growth and what we've been able to accomplish in just six years of business," said David Ellenwood, founder and CEO of Sunny Days In-Home Care. Honorees on the Entrepreneur 360 were identified based on the results of a comprehensive study of independently-owned companies, using a proprietary algorithm and other advanced analytics. The algorithm was built on a balanced scorecard designed to measure four metrics reflecting major pillars of entrepreneurship — innovation, growth, leadership and impact.

“Our annual evaluation of vetted data offers a 360-degree analysis of top performers in the current small-business landscape,” said Lisa Murray, Chief Insights Officer of Entrepreneur Media, Inc. “They are deemed successful not

simply by revenue numbers, but by how well-rounded they are. Entrepreneurship is a complex endeavor, and we've recognized who has mastered it this year.”

The Entrepreneur 360 listing is the third of its kind this year for the Sunny Days In-Home Care franchise. The company also earned a place on the Inc. 500, while founders David and Evelyn Ellenwood were selected as finalists in the 2016 EY Entrepreneur of the Year Award for Western Pennsylvania and West Virginia. The company's three-year growth rate of 776% is recognized as a significant reason for these recent accolades.
