

52% Savings in Stock Clearance Sale

Travelsafer are clearing their stocks of digital tire pressure gauges at ridiculous prices.

LOS ANGELES, CALIFORNIA, UNITED STATES, November 23, 2016
/EINPresswire.com/ --
Happy Thanksgiving from Travelsafer.

To celebrate we are offering crazy discounts on our 100 PSI digital [tire pressure gauge](#) leading up to Thanksgiving and as part of Amazon's Black Friday and Cyber Monday sales to clear way for Xmas stock.

This is what one happy customer recently had to say about the Travelsafer [digital tire gauge](#),

"This is a fantastic little tire pressure gauge. I've always had one or two of the little manual type pressure gauges in the car and often wonder how accurate they

are after getting tossed around constantly. I decided to get a digital and I'm glad that I came across this one. It has a great little light that helps to position the pressure gauge when there isn't much light and the screen lights up nice and bright to very clearly read the display. It came with the battery already installed and ready to go and it is small enough to easily put in the glove box or just about anywhere. I went out and checked the pressure in my tires as soon as I got it. It read the pressure immediately without any hesitation and was incredibly easy to use. Overall this is a great digital pressure gauge, I'll be getting a few others for Christmas gifts."

James from Travelsafer added, "This digital tire pressure gauge is a must have tool to carry in the glove box of your car, truck or SUV, and small enough to carry in a back pack on your bicycle or motor bike. No more struggling with awkward gas station gauges to get accurate tire pressure anywhere, anytime day or night."

With easy push button start and automatic turn off to save battery life, this tire gauge is so easy to use even for grandma. Change between 4 available ranges, PSI, Bar, Kpa and kg/cm2 with a further push of the button.

To take advantage of these crazy sale prices or to stock up on Xmas gifts for friends and loved ones, visit www.amazon.com/dp/B00SO4OVIQ
