Global Software Defined Networking Market on Market Information, by Solution, by End User, by Vertical -Forecast 2016-2022

PUNE, MAHARASHTRA, INDIA, November 25, 2016 /EINPresswire.com/ -- Market Scenario "We enable our customers to unravel the complexity."

Increase in the number of application in various domains such as defense, IT/ Telecom healthcare, sector is one of the key driving factor for the market of Global Software Defined Networking Market. The SDN market is expected to grow at a high CAGR of XX% and is expected to reach the market

"

Global Software Defined Networking Market projected to register a significant Growth Rate in the nearby Future

Market Research Future

size of USD XX million by the end forecasted period from USD XX million in the 2016. Flexible way of managing and controlling the complex network and efficient data traffic management, acts as a major reason of growth in the region.

Key players

The global competitors in software define networking market are

- Dell Inc. (U.S.)
- Hewlett-Packard Enterprise Company (U.S.)
- International Business Machines Corporation (U.S.)
- Cisco Systems, Inc. (U.S.)
- Juniper Networks, Inc. (U.S.)
- NEC Corporation (Japan)
- Brocade Communications Systems, Inc. (U.S.)
- Big Switch Networks, Inc. (U.S.)
- VMware, Inc. (U.S.)
- Extreme Networks, Inc. (U.S.)

Industry News

- In August 2016, Extreme Networks, Inc. announced an expansion of its relationship with Schneider Electric to deliver highly resilient networking solutions within the Schneider Electric Foxboro Evo Distributed Control System.
- In August 2016, Big Switch Networks announced the company's launch in Australia.

Target Audience:

- Cloud Service Providers
- Software Developers
- System Integrators
- Manufacturing Industry
- Government organizations.

Market Segmentation

Segmentation by Solution:

- Physical network infrastructure,
- Virtualization and control software,
- Professional services

Segmentation by End User:

- Cloud service providers,
- Telecommunication service providers,
- Enterprises

Segmentation by Verticals:

- Defense,
- IT/ Telecom,
- Healthcare,
- BFSI, and among others

Taste the market data and market information presented through more than 30 market data tables and figures spread over 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "Global Software Defined Networking Market Research Report- Global Forecast 2022"

Study Objective of Software Defined Networking Market.

- To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Global Software Defined Networking Market
- To provide insights about factors affecting the market growth
- To analyze the Software Defined Networking Market based on various factors- value chain analysis, Porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (RoW)
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by solution, by end user, by vertical and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

Analysis also includes consumption. Import and export data for Regions North America, Europe, China, Japan, Southeast Asia, India.

The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.

Request Table of Content, Figures @ https://www.marketresearchfuture.com/request-toc/global-software-defined-networking-market-research-report-global-forecast-2022

The market is divided into the following segments based on geography:

North America

- US
- Canada
- Mexico

Europe

- Germany
- France
- Italy
- Spain
- U.K
- Rest of Europe

Asia- Pacific

- China
- India
- Japan
- Australia
- Rest of Asia-Pacific

RoW:

- Latin America
- Middle East
- Africa

Key questions answered in this report

- What will the market size be in 2022 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
