

Continual Compliance Solutions Launches Revolutionary HIPAA Management Software for Independent Healthcare Practices

Abyde™ is a user-friendly tool that eliminates the burden of keeping up with HIPAA compliance regulations for small and mid-sized medical practices.

TAMPA, FLORIDA, USA, December 5, 2016 /EINPresswire.com/ -- [Continual Compliance Solutions](http://ContinualComplianceSolutions.com) (CCS) today announces the launch of Abyde™ - a

revolutionary software solution that changes the way medical practices manage internal HIPAA compliance programs. Abyde™ enables healthcare practices of all sizes to easily attain and sustain HIPAA compliance programs that meet Government regulations by walking end users through the Risk Assessment, ongoing compliance, policies and procedures, and HIPAA training. By taking an automated approach to HIPAA, Abyde™ delivers peace of mind to healthcare professionals that their organization is adhering to the 2016 HIPAA Audit Protocol set forth by the Department of Health and Human Services. In addition, Abyde™ addresses the Meaningful Use, MACRA, and MIPS Protecting Electronic Health Information core measure.

"We are excited to introduce an easy-to-use HIPAA compliance solution for independent physicians and their staff," said Matt DiBlasi, President of CCS. "The private practice has been completely underserved with HIPAA compliance solutions leaving hundreds of thousands of physicians exposed to devastating fines associated with a failed audit or even worse - a catastrophic data breach. We look forward to providing a user friendly experience that completely relieves the burden of staying current with HIPAA complexities, freeing doctors and staff to focus on patient care and increasing profitability."

About Continual Compliance Solutions:

CCS is a technology company comprised of HIPAA compliance experts that provides software solutions to the independent physician. CCS was formed with the idea that there could exist an easier, more cost-effective way for independent physicians to comply with government mandated HIPAA standards. This is accomplished through a user friendly software solution that navigates covered entities through all aspects of attaining and maintaining proper compliance programs. CCS's Abyde™ software is a healthcare industry game-changer and is considered the gold standard for HIPAA compliance solutions.
