

# Rediscover Yourself with New Look of Medical Tourism: Travcure

*Travcure Medical Tourism announces the launch of a brand new, informative & much easier to navigate website for international patients.*

NAGPUR, MAHARASHTRA, INDIA, November 30, 2016 /EINPresswire.com/ -- Globalization of healthcare industry & growing demand for cost effective-high quality medical provisions in recent times has caught the attention of developing nations that have sufficient resources & potential to meet these demands of patients from all across the globe. Today, healthcare tourism has become a mainstream practice since a massive number of patients around the world are willing to cross borders in spite of common constraints like finance, language, difficulties in global travel & fear of unfamiliar places which are no longer acting as obstacles to medical tourists seeking healthcare treatment in foreign nations.

India has bloomed as a leading global medical tourism destination for patients around the world willing to travel beyond their native land seeking excellent quality of affordable healthcare. India features a vast pool of eminently specialized surgeons & healthcare professionals, many of whom have initially trained for decades in advanced western nations like United States, UK, Germany, &

Canada before returning to their own country. In addition to this, availability of latest healthcare equipment & state-of-art facilities make India a strong contender for best medical tourism destination.

Travcure Medical Tourism is an internationally reputed medical service facilitator in India catering to a broad range of patients coming from every corner of the world. As a part of the growing Indian medical tourism success story, Travcure is established as the fastest growing healthcare tourism platform in South Asia. Optimal healthcare services offered by Travcure, in fact start with the first telephonic conversation when overseas patients call up to explain their health concerns. Travcure

The advertisement is a vertical banner for Travcure Medical Tourism. At the top, it features the contact information 'info@travcure.com +91 86000 44116' on a yellow background. Below this, the text 'Destination India' is written in a white, elegant script font. Underneath, 'Medical Tourism' is displayed in a bold, dark blue sans-serif font. The Travcure logo, which includes the text 'TRAVCURE REDISCOVER YOURSELF' and a stylized 'T' icon, is positioned below the main text. The website 'www.travcure.com' is also present. The central part of the banner is a dark blue rectangle containing two circular icons: one showing a nurse assisting a patient in a wheelchair, and another showing a doctor at a computer workstation. Below this, the text 'Medical Tourism in India' is written in a white sans-serif font. The bottom section of the banner features a photograph of a woman in a floral dress looking up at the sky. Overlaid on the left side of the photo is a red semi-transparent box with the text 'The face of healthcare is changing' in a white script font. Below the photo, the text 'Rediscover Travcure!' is written in a bold, white sans-serif font. At the very bottom, the website 'www.travcure.com' and the phone number '+91 8600044116' are repeated, followed by the text 'Rediscover Travcure'.

Rediscover Travcure

makes sure that their international guests get the best possible treatment & a hassle-free medical journey from the day they land in India to a successful departure following treatment.

International patients seeking highest quality treatments might be tempted to go to any extent of the earth to yield access to precise information that would help them lead a more productive & healthier life. They now have it at their fingertips on the best-ranking website for medical tourism in India which is managed by top healthcare experts in the country. The new look of the Travcure website has a cleaner & smoother design with improved functionality & enhanced rich content highly focused on their mission to cater to world-class medical services required by international patients.

Travcure Medical Tourism works on three basic principles - transparency in healthcare, clear communication & education. "Imagine a user-friendly portal where patients can easily understand & choose appropriate treatment plan for themselves" said Mr. Owais Saiyed, director of the Travcure Medical Tourism. International patients would be happy to use such a user-friendly site for obtaining stringent knowledge that will not only aid them to find the best suitable procedure & treatments they need, but also the best healthcare provisions they can afford. That is exactly what our new modified website [travcure.com](https://www.travcure.com) aims to achieve & encourage through presentation of relevant & timely data which positively impacts the lives of our patients.

Travcure team is excited about the new website launch & the robust information it provides for their international guests. They believe that this website with a fresh look will allow online visitors to have a very informative experience as they continue to provide top-notch services to one & all. With a goal of offering visitors an easier way to learn, Travcure requests them to visit the new website <https://www.travcure.com> & provide valuable suggestions & feedback to foster smoother interaction with patients.
