

MB Financial Advisors AG are Pleased to Announce: Gorgona Gold Executes Term Sheet with GEM Mining

ZURICH, SWITZERLAND, November 30, 2016 /EINPresswire.com/ -- [Hamilton Resources](#), Ltd., a [MB Financial Advisors AG](#) client company and investment capital partner and one of the controlling shareholders of Gorgona Gold S.A.C., announced today that Gorgona Gold has executed a Term Sheet with GEA Mining Peru S.A.C. Under the terms of the agreement the two companies will combine certain mining assets under one holding company, followed by an Initial Public Offering of not less than ten million dollars US. A definitive financing and merger agreement has also been initiated.

Hamilton Resources is a Peruvian mineral exploration company engaged in the acquisition, exploration, and potential development of precious and base metal properties, principally in Peru. Hamilton has initiated ten different mining projects located across 22 different concessions covering base and precious metals.

GEA Mining Peru is a 30 year old Peruvian mining company that has an operational plant with 500 tonnes ore/day throughput capacity. GEA has 19 veins (14 of which are in 5 main clusters with average grades of 12-14 g/t gold), mine access via portals on 5 levels, and an estimated 450,000 ounces of gold. GEA produced 3000 oz in its first year of production.

By merging certain assets with an existing mine, Hamilton Management is confident that the capital markets will view the cash flow from the mine coupled with the extensive exploration portfolio as an attractive initial offering opportunity for the public markets.
