

# Stack8 to Preview its New UC Managed Services Offerings at Cisco Connect Montreal 2016

*Join Stack8 at Cisco Connect Montreal Booth #20*

MONTREAL, QUEBEC, CANADA, December 2, 2016 /EINPresswire.com/ -- [Stack8](#), a leading provider of services and solutions for Cisco Unified Communications (UC), today announced its participation at Cisco Connect Montreal 2016, taking place December 7, 2016, booth #20 Palais des congrès de Montréal.

At this year's event, Stack8 will showcase its extensive line of managed services, professional services and software solutions for Cisco Unified Communications, including a sneak peek of its new [UC Managed Services](#) for Cisco Unified Communications.

Stack8 at Cisco Connect Montreal

Stack8's UC Managed Services provides proactive support for your entire converged UC infrastructure and its integrated applications. The companies Cisco experts will help your business to maximize the benefits of unified communications and stay ahead of the competition.

“

We're committed to looking for ways to support our clients' operations, our new UC Managed Services will help customers eliminate the complexities and high demands of managing its UC infrastructure

*Steven Karachinsky*

“At Stack8, we're committed to looking for new ways to support our clients' day-to-day operations, and our new UC Managed Services will help customers eliminate the complexities and high demands of managing its UC infrastructure,” said Steven Karachinsky, CEO of Stack8. “We are delighted to showcase for the first time these industry-leading managed services packages at Cisco Connect Montreal.”

The company will also demonstrate [SMACS](#) its industry leading user provisioning software solution for Cisco Unified Communications (UC). SMACS is designed to ease businesses through the complexities of managing Moves,

Adds, and Changes (MAC) for both users and devices.

Cannot attend Cisco Connect Montreal

#### About Stack8

With a focus on how people use Cisco Unified Communications technologies and ensuring they get the most out of it, Stack8 is a new type of Cisco Solutions Partner.

The company positioned as the human 8th layer of the OSI Stack, the layer that bridges business operations and process with technology.

Stack8 is built on three pillars, each born out of the prevailing problems our customers face today:

- Managed Services: the help – an always live extension of your team
- Professional Services: the how - getting you set up quickly and painlessly
- Software Solutions: the tools - improving and optimizing your operations

Founded in 2010, Stack8 Technologies is an independent, privately held company based in Montreal, Canada. To find out more, please visit [www.stack8.com](http://www.stack8.com)
