

GCC investing in cargo and baggage screening technologies

DUBAI, UNITED ARAB EMIRATES, December 5, 2016 /EINPresswire.com/ -- As one of the fastest emerging markets globally and with the expansion of ports and airports, the GCC is becoming ever more susceptible to cross-border crimes. The UAE's geographical location and busy logistics hub has brought with it greater opportunities for illegal smuggling and trafficking activities through airports and seaports.

It is now more important than ever for customs and police authorities to deploy effective screening and detection systems to prevent cross-border crime in the GCC and beyond.

www.cargopersonnelscreening.com/news

IQPC has therefore organised the [Cargo and Personnel Screening conference](#), taking place from 20-21 February 2017 in Dubai, to discuss the latest innovations in screening and detection technology to enhance security across sea, land and air, whilst maximising operational and supply chain efficiency.

Speakers include:

- H.E. Ahmed Mahboob Musabih, Director General, Dubai Customs
- Ketil Ottersen, Implementation Support Section , Organized Crime Branch, Division for Treaty Affairs, United Nations Office on Drugs and Crime
- Linda Ristagno, Manager – Cargo Border Management, International Air Transport Association (IATA)
- Clayton Kerswell, Senior Customs & Border Management Specialist, World Bank (awaiting formal confirmation)
- Mazen Al Homsy, Manager – Cargo, Gulf Area and Yemen, International Air Transport Association (IATA)
- Falah Khalil, Senior Manager Passenger Operations - Terminal 2, Dubai Customs
- Huda Belhoul, Director of Operation and Customs Control Department and Chief Innovation Officer, Federal Customs Authority
- Franz Prutsch, Senior Regional Immigration and Border Management (IBM) Specialist, International Organisation for Migration
- Dawood Mohamead Alzarooni, Information Analysis Section Manager, Customs Intelligence, Dubai Customs
- Wil van Heeswijk, DG Taxation and Customs Union, Unit B2 Risk Management and Security, European Commission
- And many more...

This event will gather experts from customs, police, ports, border guards and airports from the GCC to discuss immediate requirements for effective deployment of screening and detection technologies

across all borders to maximise international efforts and prevent catastrophic security breaches.

Nuctech Company, Smiths Detection, AS&E, Rapiscan Systems, S2 Global, Astrophysics, Al Fajer Establishment have confirmed as sponsors and will be present to showcase their products and solutions and solutions.
