

# OProCyn® OPC 3 Month Supplement Product Launched at ISOTONIC-OPC.NET

*Advanced Functional Nutrition Inc. launches OProCyn brand antioxidant dietary supplement product for affordability and the best quality.*

SAN DIEGO, CALIFORNIA, UNITED STATES, December 6, 2016 /EINPresswire.com/ -- [OProCyn®](#) OPC 3 Month Supplement Product Launched at ISOTONIC-OPC.NET By Christine Steward 10/20/2016, San Diego California: Advanced Functional Nutrition Inc. (AFNSD) launches OProCyn brand antioxidant dietary supplement product at [www.isotonic-opc.net](http://www.isotonic-opc.net). OPC, a 3-letter acronym for Oligomeric Proanthocyanidin Complex, is commonly known as super antioxidant, 20 times stronger than Vitamin C and 50 times stronger than Vitamin E. An OPC supplement in isotonic form has been proven to be the most effective for absorption in the human body, and to be the most popular for consumers in USA. An isotonic OPC product is normally derived from a combination of 3 natural product extracts: pine bark, grape seed and red wine.

OPCs are the most potent antioxidants found in the nature, and help to prevent / relieve oxidative stress that causes inflammation and accelerates aging of the human body. Acting as antioxidants, OPCs promote skin health, and are beneficial to people of a variety of conditions such as arthritis, obesity, cardiovascular disease, type 2 diabetes, age-related macular degeneration (AMD) and Alzheimer's disease (AD). \*Help enhance human immune system; \*Support cardiovascular and blood vessel function; \*Help balance cholesterol level; \*Help maintain healthy blood glucose levels; \*Help protecting collagen and enhance and improving skin elasticity and smoothness; \* Demonstrated anti-inflammatory properties for arthritis.

OPCs extracted from grape seed and pine bark are the most researched natural health ingredients in the scientific literature and 300 papers are published each year for the last 10 years. OPCs have been scientifically demonstrated to have a wide range of roles regulating the functional enzymes that are critical for the well-being of human life, in addition to the powerful roles as antioxidants. OProCyn brand product is made of the best OPC 3 ingredients imported from France, including French maritime pine bark extract, French grape seed extract and French red wine extract. OProCyn is a brand to address the issues of the both quality and affordability for ordinary consumers to pursue healthier life. AFNSD is a San Diego based company and an independent distributor of top quality and economical health products, with exclusive legal right in selling and distributing OProCyn brand products. AFNSD strives to beat any competition and will keep OProCyn as the most competitive brand in the global market.
