

Next Generation Sequencing (NGS) Sales Market Size and Share - Industry Analysis & 2016-2021 Forecasts

Orbisresearch.com published research report on "Global Next Generation Sequencing (NGS) Sales Market 2016 Industry Trend and Forecast 2021" to its store.

DALLAS, TEXAS, UNITED STATES, December 6, 2016 /EINPresswire.com/ -- Consistent with our stated policy of making available the best research material from across the globe to our ever-growing list of erudite clients, here is another report that is sure to meet their high expectations. This 2016 market research report on Global Next Generation Sequencing (NGS) Sales Market is a meticulously undertaken study. Experts with proven credentials and a high standing within the research fraternity have presented an in-depth analysis of the subject matter, bringing to bear their unparalleled domain knowledge and vast research experience. They offer some penetrating insights into the complex world of Global Next Generation Sequencing (NGS) Sales Industry. Their sweeping overview, comprehensive analyses, precise definitions, clear classifications, and expert opinions on applications, make this report nothing short of brilliant in its presentation and style.

Key companies listed in the report are Illumina, Inc., Qiagen N.V., QuantuMDx Group, Quest Diagnostics, RainDance Technologies, Inc., Response Genetics, Inc., Roche, SeqLL, LLC, Sequentia, Inc., Mayo Medical Laboratories and Mayo Clinic, MolecularMD Corporation, Multiplicom NV, DNA Electronics Ltd., DNASTAR, Inc., InDecations Exchange Pte Ltd (INEX).

Browse the complete report at <http://www.orbisresearch.com/reports/index/global-next-generation-sequencing-ngs-sales-market-2016-industry-trend-and-forecast-2021> .

Whether one delves into the report for a regional perspective or for a bird's eye view of a larger geographical stretch, the document presents invaluable facts and figures, news and views, on all relevant global realities. It also showcases the latest market trends in the sector related to critical parameters such as technology, competition, supplies, capacity, production, price and profit. The report, 'Global Next Generation Sequencing (NGS) Sales Market', also contains detailed information on clientele, applications and contact information. Accurate forecasts by credible experts on critical matters such as production, price, and profit are also found in this brilliant study. It also provides, wherever applicable and relevant, technical data of products, and sheds useful light on expected commercial production dates and current R&D status.

The wide-ranging report pays due heed to the significance of industry chain analysis, and focuses on both upstream- and downstream-related variables, such as raw material and equipment on the one hand, and client surveys, marketing channels, industry trends and proposals, on the other. Crucial information on critical factors such as consumption, key regions and distributors, and raw material suppliers are also included in this priceless study.

Finally, like every report we put up on Orbis Research, which is the handiwork of thoroughbred professionals, this report, 'Global Next Generation Sequencing (NGS) Sales Market', also ends with a SWOT analysis, and analyses on investment feasibility and returns, not to mention development

trends and forecasts. It is our conviction that any serious seeker of knowledge and truth, irrespective of whether his or her pursuit is commercial or academic, will greatly benefit from the wealth of information that is contained in this report.

The report is Split by product Types (454-Sequencing, Illumina Sequencing, Type III), applications (Oncology, Hereditary Disease Detection, Life Science and Emerging Application), and regions (United States, China, Europe and Japan)

Major Points from Table of Contents:

Chapter One: Next Generation Sequencing (NGS) Overview

Chapter Two: Global Next Generation Sequencing (NGS) Competition by Manufacturers, Type and Application

Chapter Three: United States Next Generation Sequencing (NGS) (Volume, Value and Sales Price)

Chapter Four: China Next Generation Sequencing (NGS) (Volume, Value and Sales Price)

Chapter Five: Europe Next Generation Sequencing (NGS) (Volume, Value and Sales Price)

Chapter Six: Japan Next Generation Sequencing (NGS) (Volume, Value and Sales Price)

Chapter Seven: Global Next Generation Sequencing (NGS) Manufacturers Analysis

Chapter Eight: Next Generation Sequencing (NGS) Manufacturing Cost Analysis

Chapter Nine: Industrial Chain, Sourcing Strategy and Downstream Buyers

Chapter Ten: Marketing Strategy Analysis, Distributors/Traders

Chapter Eleven: Market Effect Factors Analysis

Chapter Twelve: Global Next Generation Sequencing (NGS) Market Forecast (2016-2021)

Chapter Thirteen: Appendix

About Us:

Orbis Research (orbisresearch.com) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customised reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialisation. This helps our clients to map their needs and we produce the perfect required market research study for our clients.
