

Pre-engineered Buildings in India 2016 Market Expected to Grow at CAGR 16.15% and Forecast to 2020

PUNE, INDIA, December 6, 2016
/EINPresswire.com/ --

WiseGuyReports.Com Publish a New Market Research Report On – “Pre-engineered Buildings in India 2016 Market Expected to Grow at CAGR 16.15% and Forecast to 2020”.

The analysts forecast the [pre-engineered building \(PEB\)](#) market in India to grow at a CAGR of 16.15% during the period 2016-2020.

The construction market in India has expanded significantly after the economic liberalization in the 1990s. The introduction of PEBs has improved the construction market in India. Additionally, with the increased approval of FDIs and the Make in India campaign initiated by the government of India, there has been a rise in the demand for infrastructure from all sectors in the country.

However, the traditional construction methods have been unsuccessful in meeting the increased demand for infrastructure from sectors such as power, warehousing, fast moving consumer goods, automotive and logistics, and pharmaceuticals. The PEB technology originated in the US and was introduced in India by Middle Eastern vendors. One of the major challenges for adopting PEBs in India is the persisting trust in traditional construction methods. With the rise in the awareness of the advantages of PEBs, the demand for these products is gradually increasing in the country.

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Scope of study
- Vendor segmentation
- Common currency conversion rates
- Top-vendor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Global PEB market
- Five forces analysis

PART 06: PEB market in APAC

- Construction market in APAC
- PEB market in APAC

PART 07: PEB market in India

- Construction market overview in India
- PEB market in India

PART 08: Market drivers

PART 09: Impact of drivers

PART 10: Market challenges

PART 11: Impact of drivers and challenges

PART 12: Market trends

PART 13: Vendor landscape

- Overview
