WiseGuyReports.Com Publish a New Market Research Report On – “Titanium Ore Mining 2016 Global Market Expected to Grow at CAGR 4.22% and Forecast to 2020”.

PUNE, INDIA, December 6, 2016
/EINPresswire.com/ --

The analysts forecast the [global titanium ore mining market](#) to grow at a CAGR of 4.22% during the period 2016-2020.

Titanium is a transition metal with a melting point of 3,032°F. The metal is abundant in the Earth's crust and has excellent corrosion resistant property. Ilmenite and rutile are the two major titanium ores.

Titanium has a high strength-to-weight ratio and excellent temperature resistance properties. The aerospace and aviation industry is the prime end-user for titanium. The metal is lighter, and therefore, preferred for manufacturing high-speed aircraft, spacecraft, ships, and electrodes.

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by product type

- Global titanium mill products market by product type
- Global titanium mill products market for sheets and plates
- Global titanium mill products market in billets and bars
- Global titanium mill products market in others

PART 07: Market segmentation by end-user segment

- Global titanium mill products market by end-user segment
- Global titanium mill products market in industrial and consumer segment
- Global titanium mill products market in commercial aerospace segment
- Global titanium mill products market in defense segment

PART 08: Market segmentation by geography

- Segmentation of global titanium mill products market by geography
- Titanium mill products market in North America
- Titanium mill products market in APAC
- Titanium mill products market in Europe
- Titanium mill products market in ROW
