The analysts forecast the Global [Luxury Vehicle](#) market to grow at a CAGR of 3.38 percent over the period 2014-2019.

Luxury vehicles are high-end vehicles offering more comfort and safety than traditional vehicles. They have several security technologies and comfort amenities such as electronic stability control, DVD entertainment system, anti-lock brakes, massaging seats, active seat bolster, and remote start. These vehicles offer higher performance and better handling than their traditional counterparts. Luxury vehicles are also considered as a status symbol for conspicuous consumption.
