

Household Credit Growth in Emerging Market

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

PUNE, INDIA, December 8, 2016 /EINPresswire.com/ -- [Emerging Market Households](#):

Emerging and developing countries are undergoing profound and wide-ranging demographic and social changes, unique from the trends experienced by advanced economies. This strategy briefing will look to analyse households trends specific to emerging markets over the past 15 years, and their impact on local consumption and lifestyles. The focus is on new household values, the impact of urbanisation on consumption, and the evolution of real-estate markets.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow
