

# The National CACFP Sponsors Association looks toward the future for Child Nutrition Reauthorization.

*The lack of a bipartisan agreement is disappointing, but we will continue every effort to build the best nutrition programs we possibly can for our children.*

AUSTIN, TX, USA, December 9, 2016 /EINPresswire.com/ -- The [National CACFP Sponsors Association](#) (NCA) commends the tireless efforts by both the Senate Committee on Agriculture, Nutrition, & Forestry and the House Education and the Workforce Committee on an array of child nutrition programs via the Child Nutrition Reauthorization (CNR) bill. We appreciate your willingness to listen to feedback and attempts to make this bill truly bipartisan. NCA President, Vicki Lipscomb, echoed the sentiments of many in the child nutrition community. "It is disappointing that some of the good provisions in the CNR bill are not going to be effective soon. However, we look forward to working with the 115th Congress to ensure that our Nations children receive the much need benefits from our Federal Child Nutrition Programs."
