and the client to deploying the application on the App Store, every task finishes on a happy note- only after a yes from the client. And since the development process is smooth, the budget and timelines are met as promised in the start.

Commenting on their multiple successes as top-rated PhoneGap Developers, Konstant CEO and co-founder, Vipin Jain said, "We are absolutely delighted to have achieved this top ranking across the globe. Our team excels in cross-platform as much as they are adroit in native." He further added, "This year's rankings speak about the rapidly changing choices of business groups and enterprises from native to hybrid. There is a drastic change in clients' and end-users' preferences. And we are proud to be one of the supreme pickups."

Konstant saw notable rises in the 2016 rankings across all categories including mobile app development, web development, Magento development, eCommerce on various leading research platforms named ApplIndex, Clutch, ITFirms, GoodFirms, Extract.

In the years to come, Konstant is expected to capture the market share and attention by closely aligning its cross-platform solutions with more modern tools and frameworks (besides PhoneGap) like Xamarin, Appcelerator Titanium, Monocross, React Native Convertigo and few more.
