

Medical Robotics Market Forecasted to grow at a CAGR of 21.43% during 2016 – 2021F

Latest report on “Global Medical Robotics Market (Surgical Robots, Rehabilitation Robots, Telepresence Robots)” available with OrbisResearch.com.

DALLAS, TEXAS, UNITED STATES, December 16, 2016 /EINPresswire.com/ -- A comprehensive research report titled “Global Medical Robotics Market (Surgical Robots, Rehabilitation Robots, Telepresence Robots): Analysis By Region, By Country (2016-2021)” created through extensive primary research (inputs from industry experts, companies, stakeholders) and secondary research, presents the analysis of the [global Medical Robot market](#) and has been segmented By Robot (Surgical Robots, Rehabilitation Robots, Telepresence Robots and Others); By Region (North America, Europe, APAC, ROW) and By Country (U.S., Canada, UK, Germany, Italy, India, China, Japan).

“

In the forecast period, APAC region will witness strong growth driven by the countries such as India and China.”

North America region remains the major market among all the regions

Market for medical robots is growing steadily on account of the rising number old people, neurological related diseases, such as stroke, etc. and is gaining prominence among both adult and aged population. Rising adoption of medical robots among the population along with the growing focus on positive outcomes of procedures has led to the growth of medical robot market.

Among the segments, the market is expected to be driven by Surgical Robots on account of technological improvement leading to higher success rates among the patients.

While developed regions will continue to dominate the market in terms of revenue, emerging nations are expected to respond to the market optimistically due to the developing healthcare infrastructure and rising focus on healthcare among the growing middle class population.

Global Medical Robot Market is forecasted to grow at a CAGR of 21.43% during 2016 – 2021F, on account of rising adoption among the population. North America region remains the major market among all the regions. In the forecast period, APAC region will witness strong growth driven by the countries such as India and China.

According to Azoth Analytics research report, Global Medical Robotics Market (Surgical Robots, Rehabilitation Robots, Telepresence Robots): Analysis By Region, By Country (2016-2021) – (By Robot: Surgical Robots, Rehabilitation Robots, Telepresence Robots, Others; By Region-North America, Europe, APAC, ROW; By Country - U.S., Canada, UK, Germany, Italy, India, China, Japan), Global Medical Robot market is projected to exhibit a CAGR of over ~21.43% during 2016 - 2021.

Scope of the Report

The report provides Segmentation by Robots

Surgical Robots
Rehabilitation Robots
Telepresence Robots
Others

The report provides coverage by Region

North America

Europe

Asia Pacific

ROW

The report provides coverage by Country

USA

Canada

UK

Germany

Italy

Japan

China

India

Customization of the Report

The report could be customized according to the client's specific research requirements. No additional cost will be required to pay for limited additional research.

Major Points from Table of Contents:

1. Research Methodology
2. Executive Summary
3. Strategic Recommendations
4. Global Medical Robotics Market
5. North America Medical Robot Market: An Overview
6. Europe Medical Robot Market: An Overview
7. APAC Medical Robot Market: An Overview
8. ROW Medical Robot Market: An Overview
9. Market Trends
10. Market Dynamics
11. Policy and Regulations
12. Company Profiling

About Us:

Orbis Research (orbisresearch.com) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customized reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialization. This helps our clients to map their needs and we produce the perfect required market research study for our clients.
