

Global Cloud ERP Market: Key Players, Share, Trend, Applications, Opportunities, Segmentation and Forecast to 2021

The cloud based ERP market grew at a CAGR 6.38 % in the period 2011-2015 and in the period 2016-2021, the growth rate is expected to be at 8.30%

PUNE, INDIA, December 16, 2016 /EINPresswire.com/ -- Executive Summary

The market is driven by surging adoption of cloud based ERP solutions in education and retail along with growing adoption of cloud based services in healthcare industry. In addition to this the growing adoption of cloud based services in SMBs is also one of the main drivers of this market. Moreover the need for enabling on-demand access to computing and large storage facilities which are not provided in traditional IT environments is also facilitating adoption of cloud based services.

In terms of segmentation, market is categorized on basis of Region, Deployment model, By Country, By Industry Verticals and By End Users. In terms of region, North America has the fastest adoption rate of cloud based services with maximum market share in United States, while APAC region has more growth opportunities accompanied with huge growth potential in the Australia and Japanese market
