

Prostate Cancer Therapeutics Industry Analysis And Forecasts to 2020

The prostate cancer drugs market is expected to nearly double by 2020, due to the introduction of new, more expensive drugs.

PUNE, INDIA, December 19, 2016 /EINPresswire.com/ -- [Global Prostate Cancer Therapeutics Market](#)

Global Prostate Cancer Therapeutics Industry Overview

The prostate cancer drugs market is expected to nearly double by 2020, due to the introduction of new, more expensive drugs. Prostate Cancer is the most frequently diagnosed cancer in men. In terms of loss of life from any disease, prostate cancer ranks eleventh; and it ranks sixth in terms of cancer-related mortality in men. The prostate cancer market has a huge demand for new and novel drugs that address unmet needs such as improved survival time, less toxicity, increased progression free survival, increased effectiveness, and lower cost. The global market for the prostate cancer therapeutics market is increasing, driven primarily by the growth in the hormone-refractory prostate cancer therapeutics market. Although, the prostate cancer market faces some hindrances such as the high cost of prostate cancer drugs, the market for prostate cancer drugs is likely to rise in the future.
