Highlights

Considering the sudden surge in the construction industry in the recent times the demand in the [power rental market](#) is expected to increase. The need for revamping the old Transmission and Distribution infrastructure is beckoning the growth of the power rental market.

With many countries looking to develop their infrastructure, heavy investments have been made to boost the infrastructural activities globally. All these factors are playing a major role in the growth and development of the power rental market. Lack of permanent power capacity in developing nations leads to energy shortage which further leads to creating a market for power rental.

The Major Key Players are Aggreko (U.K.), Cummins(U.S.A), Hertz, Caterpillar Inc. (U.S.), Sunbelt Rentals(U.S.A), United Rentals(U.S.A)''
